

Leadership in Practice, Citizen/Volunteer

Sylvia Marmon

Ms. Sylvia Marmon is a leader in the community and a transportation champion for the Treasure Valley. She has lived in Caldwell for 30 years and, prior to recently retiring, commuted to the City of Boise for work each day. Ms. Marmon was a volunteer driver for the Commuteride Club Red vanpool program for 17 years, bringing her fellow passengers into the downtown Boise area. Through this program, she has saved each of her passengers 239,904 miles of driving alone. Moreover, before joining Commuteride, Ms. Marmon carpooled and vanpooled with others since 1981.

Ms. Marmon always participated in promotions to encourage others to use smart transportation options. She has been a great spokesperson for the vanpool program and has championed smart commute options at her workplace as their employer transportation coordinator.
