INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Community Planning Association of Southwest Idaho  
Boise, Idaho

We have audited the accompanying financial statements of the governmental activities and each major fund of Community Planning Association of Southwest Idaho as of and for the year ended September 30, 2006, which collectively comprise the Association's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Community Planning Association of Southwest Idaho management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Community Planning Association of Southwest Idaho, as of September 30, 2006, and the respective changes in financial position for the year then ended in conformity with generally accepted accounting principles in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 19, 2006, on our consideration of Community Planning Association of Southwest Idaho's internal control over financial reporting and our tests of its compliance with certain provision of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting and compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The Management's Discussion and Analysis and other required supplementary information listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Community Planning Association of Southwest Idaho's basic financial statements. The introductory section and the budgetary comparison schedule are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements. The budgetary comparison schedule and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

Our discussion and analysis of Community Planning Association of Southwest Idaho's financial performance provides an overview of the agency's financial activities for the year ended September 30, 2006.

### **FINANCIAL HIGHLIGHTS**

- The assets of the Community Planning Association of Southwest Idaho exceeded its liabilities at September 30, 2006 by \$1,021,832. Of this amount, \$954,371 may be used to meet the Association's ongoing obligations.
- As of September 30, 2006, the Community Planning Association of Southwest Idaho's governmental funds reported an ending fund balance of \$1,009,064. Of this amount, \$529,976 has been designated for specific future uses.
- The Community Planning Association of Southwest Idaho recorded \$2,220,974 in Federal Operating Grants.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to Community Planning Association of Southwest Idaho's basic financial statements. The financial statements are comprised of three components:

- 1) government-wide financial statements
- 2) Fund financial statements
- 3) Required supplementary information.

### **GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements are designed to provide readers with a broad overview of Community Planning Association of Southwest Idaho's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of Community Planning Association of Southwest Idaho's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the agency is improving or deteriorating.

The Statement of Activities presents information showing how the agency's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (i.e.: earned but unused employee vacation leave).

The government-wide financial statements include functions of the Community Planning Association of Southwest Idaho that are primarily supported by

grants, contributions, and inter-governmental revenues. These are titled Governmental Activities and include Planning Activities, and Pass-through grants to other agencies.

#### **FUND FINANCIAL STATEMENTS**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Community Planning Association of Southwest Idaho uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Community Planning Association of Southwest Idaho uses governmental funds as its only fund type.

Governmental funds are used to account for essentially the same functions reported as government activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of available resources, as well as on balances of resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing arrangements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

#### **SUPPLEMENTARY INFORMATION**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Community Planning Association of Southwest Idaho.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

The following condensed financial information was derived from the government-wide Statement of Net Assets. As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of Community Planning Association of Southwest Idaho, assets exceeded liabilities by \$1,021,832 at September 30, 2006, as shown in Table A-1.

Table A-1

*COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO*  
*Net Assets*  
*September 30, 2006 and 2005*

	Governmental Activities <u>FY2006</u>	Governmental Activities <u>FY2005</u>
Current and Other Assets	\$1,387,991	\$1,207,185
Capital Assets	<u>\$67,461</u>	<u>\$87,623</u>
Total Assets	\$1,455,452	\$1,294,808
Long-Term Liabilities Outstanding	\$54,693	\$59,498
Other Liabilities	<u>\$378,927</u>	<u>\$566,087</u>
Total Liabilities	\$433,620	\$625,585
<i>Total Net Assets</i>	<u><u>\$1,021,832</u></u>	<u><u>\$669,223</u></u>
Net Assets		
Invested in Capital Assets, Net of Related Debt	\$67,461	\$80,067
Unrestricted	<u>\$954,371</u>	<u>\$589,156</u>
<i>Total Net Assets</i>	<u><u>\$1,021,832</u></u>	<u><u>\$669,223</u></u>

The increase in "Current and Other Assets" is due primarily to savings realized from vacant and under-filled positions. These savings were used to implement a building fund that will be used in the future to help fund the purchase of a building and property for COMPASS operations.

The decrease in "Capital Assets" is due primarily to the disposal of out-dated computer equipment. Much of this equipment has been replaced with newer and less expensive items.

In FY2004 an advance payment of \$500,000 was received from the Idaho Transportation Department under a cooperative agreement to assist in the development of *Communities in Motion*, the regional long-range transportation plan. This payment was recorded as deferred revenue on the FY2004 Statement of Net Assets and included in "Other liabilities". In FY2005 \$297,976 of this deferred revenue was recognized. In FY2006 \$169,632 was recognized reducing the deferred revenue balance at September 30, 2006 to \$32,392. The decrease in

"Other liabilities" is primarily due to the dollars expended and the revenue recognized under this agreement.

**Governmental Activities**

The following condensed financial information was derived from the government-wide Statement of Activities and reflects how the Community Planning Association of Southwest Idaho's net assets changed during the year.

Table A-2

*COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO  
Changes in Net Assets  
Year Ending September 30, 2006 and 2005*

	Governmental Activities <u>FY2006</u>	Governmental Activities <u>FY2005</u>
<i>Revenues:</i>		
Program Revenues		
Operating Grants	\$2,220,974	\$2,504,004
Other Program Revenue	\$333,869	\$437,234
General Revenues		
Membership Dues	\$701,695	\$595,517
Other Revenue	<u>\$21,226</u>	<u>\$20,504</u>
 <i>Total Revenues</i>	 <u><i>\$3,277,764</i></u>	 <u><i>\$3,557,259</i></u>
 <i>Expenses:</i>		
Planning Activities	\$2,925,155	\$2,874,195
Pass-Through Activities	<u>\$0</u>	<u>\$586,940</u>
 <i>Total Expenses</i>	 <u><i>\$2,925,155</i></u>	 <u><i>\$3,461,135</i></u>
 <i>Change in Net Assets</i>	 <i>\$352,609</i>	 <i>\$96,124</i>
 Net Assets - Beginning	 <u>\$669,223</u>	 <u>\$573,099</u>
 <i>Net Assets - Ending</i>	 <u><u><i>\$1,021,832</i></u></u>	 <u><u><i>\$669,223</i></u></u>

Net assets for The Community Planning Association of Southwest Idaho increased by \$352,609 over the course of the year. This increase includes unexpended membership dues designated for expenses in a future period, Orthophotography revenue planned for use on an Orthophotography project in FY2007, and unexpended membership dues designated to fund the future purchase of a building.

"Operating Grant" revenue was lower in FY2006 due to slow starts on the two corridor preservation study projects. The cause of these delays was mainly due to difficulties in contract negotiations with various consulting firms.

"Other Program" revenue was lower in FY2006 because a smaller amount of deferred revenue was recognized on the funds paid by the Idaho Transportation Department in FY2004 for the development of *Communities in Motion*, the regional long-range transportation plan.

The increase in "Membership Dues" revenue is due to an increase in annual membership dues.

#### **Government activities-Revenues**

The Community Planning Association of Southwest Idaho's major revenue sources are federal grants, membership dues, and other revenues, as shown in the following chart:

### **COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO REVENUE BY SOURCE FOR THE YEAR ENDED SEPTEMBER 30, 2006**

Operating grants are received primarily from two sources:

- Consolidated Planning Grant Funds (Federal Highway Administration and Federal Transit Administration); and
- Surface Transportation Program Funds.

The Community Planning Association Board of Directors assesses membership dues annually. All assessed dues for fiscal year 2006 were invoiced and collected.

"Contract Revenue" is primarily the revenue recognized under the cooperative agreement with the Idaho Transportation Department for the *Communities in Motion* project, and for Local Match paid by the Idaho Transportation Department for the US 20/26 corridor study and the SH44 corridor study.

"Other Revenue" includes interest income, sales of maps, geographic information systems data, and digital orthophotographs.

### **Government Activities - Expenses**

The following chart depicts the expenses of the Community Planning Association of Southwest Idaho's government activities for the year:

### **COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO EXPENSE BY CATEGORY FOR THE YEAR ENDED SEPTEMBER 30, 2006**

The largest expense category in FY2006 was Salary and Fringe. The staff of Community Planning Association of Southwest Idaho is comprised of nineteen employees including directors, planners and operations staff.

Professional Services is the second highest expense category. US 20/26 corridor study, SH44 corridor study, and *Communities in Motion* accounted for 89.1% of total Professional Services expense.

## FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Community Planning Association of Southwest Idaho uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

There are three designations of the fund balances that should be noted:

- A designation in the amount of \$25,948 was made in the Community Planning Association of Southwest Idaho's FY2007 Unified Planning Work Program and Budget - Revision 1, to cover local match requirements of carry-over operating grants.
- A designation in the amount of \$167,641 was made for use toward the cost of a future Orthophotography project. The Community Planning Association of Southwest Idaho Board of Directors approved Resolution No. 05-2005, providing for the designation of Orthophotography receipts received in excess of costs for this purpose.
- A designation in the amount of \$336,387 was made to help fund the future purchase of a building and property for COMPASS operations.

### General Fund Budgetary Highlights

Over the course of the year, the Community Planning Association of Southwest Idaho revised the Unified Planning Work Program and Budget two (2) times. Budget revisions are presented to the Regional Technical Advisory Committee, the Finance Committee, and the Board of Directors for review and approval.

Budget adjustments are completed to incorporate funding and program revisions in order to include planning projects funded under federal grants; to periodically update revenue and expense assumptions; and to incorporate significant changes as a result of timely reviews.

With these adjustments, actual expenditures were 55.4% of the revised budget amounts. The most significant variance is for "Professional Service Expenditures" (\$1,944,268). This is due to projects starting behind schedule including the State Highway 44 Corridor Preservation Study and the US 20/26 Corridor Preservation Study. As a result, "Operating Grants" revenue (\$1,859,520) and "Contract Revenue" (\$152,517) are also under budget because grants are billed only after the expenditure has occurred.

The variance in "Salary and Fringe Benefits" is due primarily to vacant and under-filled positions.

The variance in "Other Direct Expenditures" is due to unexpended budget items including printing, equipment, legal, travel and education, public involvement, and building fund.

The variance in "Indirect Expenditures" is due primarily to budget savings of Professional and Legal Services.

The variance in "Capital Outlay" is due primarily to budget savings of land use demonstration software that was not purchased in FY2006.

## **CAPITAL ASSET AND DEBT ADMINISTRATION**

### **Capital Assets**

The Community Planning Association of Southwest Idaho's investment in capital assets for governmental activities as of September 30, 2006 amounts to \$67,461 (net of accumulated depreciation). This investment in capital assets includes office furniture, office equipment, computer equipment and vehicles.

The investment in capital assets decreased \$20,162 during the fiscal year, a 23% reduction.

Major capital additions for the year include:

- Replace computer equipment, \$22,573

### **Debt Administration**

At year-end the Community Planning Association of Southwest Idaho had no capital lease obligations.

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

The Community Planning Association of Southwest Idaho considered many factors when setting the fiscal year 2007 budget, including funding from federal agencies and program requests from member agencies.

The following revenue assumptions were taken into account when adopting the FY2007 Unified Planning Work Program and Budget:

- Membership dues were increased to \$1.47 per person in the regional population. This increase, along with an estimated population increase, resulted in an 18.6% increase in budgeted membership dues revenue.
- The Consolidated Planning Grant was adjusted to estimates provided by the Idaho Transportation Department.
- The Board approved a strategy to reduce the use of Surface Transportation Program (STP) grant funds used for general planning, over a five-year period. In FY2007, the second year of this process, STP general planning revenue was reduced by 20% from FY2006 levels.

The Community Planning Association of Southwest Idaho continues to rely on federal grants to fund its programs. At present, federal funding sources are secure; however, legislative action can affect revenue streams.

## **Requests for Information**

This financial report is designed to provide a general overview of the Community Planning Association of Southwest Idaho's finances for all those with an interest in the agency's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2006

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Community Planning Association of Southwest Idaho (Association) was organized November 1, 1999, under the provisions of Idaho Code Section 67-2326 (joint powers agreements). The Association is supported by membership dues and federal pass-through grants from the State of Idaho. Under the direction of the Community Planning Association Board of Directors, staff provides technical support services that are useful for mapping and related data, monitoring growth and development, transportation planning, and other intergovernmental services.

General members:

Ada County	City of Middleton
Ada County Highway District	City of Nampa
Canyon County	City of Notus
City of Boise	City of Parma
City of Caldwell	City of Star
City of Eagle	Canyon Highway District #4
City of Garden City	Golden Gate Highway District #3
City of Kuna	Nampa Highway District #1
City of Meridian	Notus-Parma Highway District #2

Special purpose members:

Boise State University  
Capital City Development Corporation  
Idaho Department of Environmental Quality  
Idaho Transportation Department  
Independent School District of Boise City  
Joint School District #2  
Valley Regional Transit

Ex officio members:

Office of the Governor of the State of Idaho  
Central District Health Department  
Greater Boise Auditorium District

Financial Reporting Entity

In determining the financial reporting entity, the Association complies with the provisions of GASB Statement No. 14, "The Financial Reporting Entity," and includes all component units of which the Association appointed a voting majority of the units' board; the Association is either able to impose its will on the unit or a financial benefit or burden relationship exists.

The Association contributes to the multi-employer Public Employee Retirement System of Idaho (PERSI). The System is administered by the State of Idaho and the Association is not the major participant in the plan, therefore, the plan financial statements are not included in this report.

COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2006

Basis of Presentation

The Association is accounted for as a special-purpose government engaged in a single governmental program. The statement of net assets and the statement of activities display information about the Association. These statements include the financial activities of the overall reporting entity. Governmental activities generally are financed through Federal grant monies and member dues.

Separate financial statements are provided for governmental funds. The Association is a special-purpose government engaged in a single governmental program. Therefore, it accounts for all of its financial resource under the General Fund.

Measurement Focus and Basis of Accounting

*Government-wide statements.* The government-wide statements are reported using the economic resources measurement focus. The governmental-wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred, regardless of when the related cash flow takes place. Revenue from grants is recognized when an expenditure under the terms of the grant have been satisfied.

*Governmental Fund Financial Statement.* Governmental funds are reported using the current financial resource measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Association considers all revenues reported in the governmental funds available if the revenues are collected within sixty days after year-end. Federal grant revenue, member dues, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt and compensated absences, which are recognized as expenditures to the extent they have matured. General capital assets acquisitions are reported as expenditures in government funds. Acquisitions under capital leases are reported as other financing sources.

The major sources of revenue are membership dues and federal grants passed through from the State of Idaho.

Budgets and Budgetary Accounting

The Association follows these procedures in establishing the budgetary data reflected in the financial statements.

1. Prior to July 30, the Association submits a proposed work plan and budget for the fiscal year commencing the following October 1 that is ratified by the governing body of each general member and special purpose member that contributes to the budget. The FY2006 budget was

COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2006

approved on August 15, 2005, and a final amendment was approved on April 17, 2006.

2. A member may request that the Association perform a special project or task. Such work is to be covered by contract executed between the member and the Association and paid for by the benefiting member.

3. The Executive Director is the disbursement officer for all funds in accordance with the approved budget.

4. Formal budgetary integration is employed as a management control device during the year for the General Fund.

5. The budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).

Fixed Assets

The accounting treatment over property, plant, and equipment (fixed assets) depends on whether the assets are used in governmental fund operations and whether they are reported in the government-wide or fund financial statements.

*Government-wide Statements.* In the government-wide financial statements, fixed assets are accounted for as capital assets. All fixed assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated fixed assets which are recorded at their estimated fair value at the date of donation.

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

- Leasehold Improvements	5-10 years
- Equipment	3-8 years
- Vehicles	3-5 years

*Fund Financial Statements.* In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

Accumulated Unpaid Vacation and Sick Pay Amounts

The Association provides vacation and sick leave to its employees. Earned vacation is paid to employees when taken or paid to employees or beneficiaries upon the employee's termination, retirement, or death.

COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2006

In the Governmental Fund, only the amount that normally would be liquidated with expendable available financial resources is accrued as current year expenditures. The Association uses the last-in, first-out method of recognizing use of compensated absences. Unless it is anticipated that compensated absences will be used in excess of a normal year's accumulation, no additional expenditures are accrued.

Pension Plan

The Association participated in the Public Employees Retirement System of Idaho. Funding contributions by the Community Planning Association of Southwest Idaho are determined at 10.39% of total salaries.

Cash

Cash and cash equivalents include cash on hand, cash in banks, and highly liquid investments with maturity dates of less than three months. The carrying value of cash and cash equivalents approximates fair value because of the short-term maturities.

Investments

Idaho Code provides authorization for the investment of funds as well as specific direction regarding allowable investments. The Association's policy is consistent with this direction. The Association currently invests in interest bearing bank accounts, certificates of deposit, and the State of Idaho Local Government Investment Pool.

NOTE B - GRANTS RECEIVABLE

Grants receivable at September 30, 2006, consist of amounts billed to the state or federal grant agencies that have not yet been received. No provision for an allowance for bad debt has been made since the Association has never had any bad debt.

NOTE C - FIXED ASSETS

A summary of changes in general fixed assets follows:

	<u>Furniture Fixtures and Equipment</u>	<u>Accumulated Depreciation</u>	<u>Net</u>
Balance at beginning of year	\$ 435,536	\$(347,913)	\$ 87,623
Additions	28,708	(48,799)	( 20,091)
Deletions	<u>(49,845)</u>	<u>49,774</u>	<u>(71)</u>
Balance at end of year	<u>\$ 414,399</u>	<u>\$(346,938)</u>	<u>\$ 67,461</u>

COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2006

NOTE D - PENSION PLAN

Public Employee Retirement System of Idaho - The Public Employee Retirement System of Idaho (PERSI), a cost sharing multiple-employer public retirement system, was created by the Idaho State Legislature. It is a defined benefit plan requiring that both the member and the employer contribute. The plan provides benefits based on members' years of service, age and compensation. In addition, benefits are provided for disability, death, and survivors of eligible members or beneficiaries. The authority to establish and amend benefit provisions is established in Idaho Code.

Designed as a mandatory system for eligible state and school district employees, the legislation provided for other political subdivisions to participate by contractual agreement with PERSI. Financial reports for the plan are available from PERSI upon request.

After 5 years of credited service, members become fully vested in retirement benefits earned to date. Members are eligible for retirement benefits upon attainment of the ages specified for their employment classification. For each month of credited service, the annual service retirement allowance is 2.00% of the average monthly salary for the highest consecutive 42 months.

The contribution requirements of Community Planning Association of Southwest Idaho and its employees are established and may be amended by the PERSI Board of Trustees. For the year ended September 30, 2006, the required contribution rate as a percentage of covered payroll for general members was 6.23%.

The employer rate as a percentage of covered payroll was 10.39%. The Community Planning Association of Southwest Idaho contributions required and paid were \$154,419, \$152,172, and \$152,307 for the three years ended September 30, 2006, 2005, and 2004 respectively.

NOTE E - LEASES

The Association leases office equipment under capital leases. The capitalized cost is \$32,781 with accumulated depreciation of \$32,781 and the capitalized cost is included in fixed assets.

The Association leases, under an operating lease, a Xerox color copier/scanner/printer. The lease has a sixty (60) month term and ends December, 2009.

The Association leases, under an operating lease, a portion of a building. The lease provides for early termination should federal and/or other funding for continuation of tenant's activities be terminated or reduced by 40% or more. The right of the tenant to terminate the lease

COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2006

is conditioned upon the tenant delivering to the owner written notice of such election at least 90 days prior to the October 1<sup>st</sup> termination date. If early termination is elected, the tenant shall pay to the owner an amount equal to the brokerage commission paid by the owner relating to the portion of the initial term following the date of early termination. The lease term expires on August 31, 2011.

Future minimum lease payments under the capital lease, the present value of net minimum lease payments under the capital lease, and minimum lease payments under operating leases at September 30, 2006, are as follows:

<u>Year ending September 30</u>	<u>Capital Lease</u>	<u>Operating Lease</u>
2007	-	106,558
2008	-	109,628
2009	-	112,791
2010	-	112,187
2011	-	91,193
Thereafter	-	-
Total minimum lease payments		<u>532,357</u>

Rent expense for the year ended September 30, 2006, was \$101,688.

NOTE F - DEPOSITS AND CASH EQUIVALENTS

The Association considers highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents and they are carried at cost, which approximates market value. The level of risk assumed by the Association is shown below:

	<u>Carrying Amount</u>	<u>Bank Balance</u>	<u>Fund</u>
Federally insured	\$100,000	\$ 100,000	General
Collateralized	-	-	General
Uncollateralized	90,744	103,045	General
Uncategorized*	<u>767,543</u>	<u>767,543</u>	General
	\$ 958,287	\$ 970,588	

\*These amounts are invested with the State of Idaho Local Government Investment Pool and are not required to be classified as to category of credit risk by GASB Codification Section I50.126.

COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2006

NOTE G - USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE H - LONG-TERM OBLIGATIONS

The following is a summary of changes in long-term obligations of the Association for the year ended September 30, 2006:

	Long-Term Obligations at Oct. 1, 2005	Additions	Reductions	Long Term Obligations at Sept. 30, 2006
General - long-term obligations account group				
Compensated absences	\$ 59,497	\$ -	\$(4,804)	\$ 54,693
Capital Lease	<u>7,556</u>	<u>-</u>	<u>(7,556)</u>	<u>-</u>
	<u>\$ 67,053</u>	<u>\$ -</u>	<u>(12,360)</u>	<u>\$ 54,693</u>

NOTE I - CONTINGENCIES

The Association receives Grants that are subject to review and audit by Federal and State agencies. Such audits could result in a request for reimbursement by the agencies for expenditures disallowed under the terms and conditions of the appropriate agency. In the opinion of the Association, such disallowances, if any, will not be significant.

NOTE J - ECONOMIC DEPENDENCY

The Association receives a major portion of its revenue from government grants. The management of the Association is of the opinion that the grants will continue to be funded but feel they would be able to operate even if all the funding sources were not available.

NOTE K - DEFERRED COMPENSATION PLAN

Employees of the Association may elect to participate in a Deferred Compensation Plan created in accordance with Internal Revenue Code Section 457. The Plan is available to all employees and permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, death, retirement or unforeseeable emergency.

COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2006

In accordance with GASB #32, the Association does not list this plan on its Financial Statements.

NOTE L - 401(k) PLAN

All employees of the Association that are also an active member of the PERSI pension plan, see Note D, may also join the PERSI Choice 401(k) Plan. An employee may defer from 1 - 100% of their gross income as long as the deferral stays within the annual contribution limits established by the Internal Revenue Service. The Plan allows participants to borrow against their account balance within certain limits set by the plan. The Plan also allows Hardship withdrawals upon satisfying the conditions established by the Plan.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

-

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards is a summary of the activity of the Community Planning Association of Southwest Idaho's federal award programs presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO  
REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors  
Community Planning Association of Southwest Idaho  
Boise, Idaho

We have audited the financial statements of governmental activities and each major fund of Community Planning Association of Southwest Idaho as of and for the year ended September 30, 2006, which collectively comprise the Community Planning Association of Southwest Idaho's basic financial statements and have issued our report thereon dated December 19, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Community Planning Association of Southwest Idaho's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the designs or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Community Planning Association of Southwest Idaho's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which

could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Directors, management, others within the organization, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

COMMUNITY PLANNING ASSOCIATION OF SOUTHWEST IDAHO  
REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR  
PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE  
WITH OMB CIRCULAR A-133

Board of Directors  
Community Planning Association of Southwest Idaho  
Boise, Idaho

Compliance

We have audited the compliance of Community Planning Association of Southwest Idaho with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended September 30, 2006. Community Planning Association of Southwest Idaho's major federal programs are identified in the summary of auditor's result section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Community Planning Association of Southwest Idaho's management. Our responsibility is to express an opinion on Community Planning Association of Southwest Idaho's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Community Planning Association of Southwest Idaho's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Community Planning Association of Southwest Idaho's compliance with those requirements.

In our opinion, Community Planning Association of Southwest Idaho complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended September 30, 2006.

## Internal Control Over Compliance

The management of Community Planning Association of Southwest Idaho is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Community Planning Association of Southwest Idaho's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on

compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operations that we consider to be material weaknesses.

This report is intended solely for the information and use of the Board of Directors, management, others within the organization, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
