

Rails with Trails Development Cost Study
Questions Received with Answers
As of December 14, 2018

- 1. Are you able to disclose the budget for the above referenced RFP? To be a bit more focused, the budget will dictate the range of approaches you receive from various teams. If totally unconstrained, more will be proposed, if constrained, less. As cost is not a factor in evaluation, our understanding of the fiscal constraints is relevant in our approach.*

The estimate included in the budget for the project is \$20,000 across fiscal year 2019 and fiscal year 2020. COMPASS recognizes that a budget adjustment may be required to achieve the required outcomes.
