

Funding

- The multimodal center project is funded by a \$9.6 million congressional appropriation. Twenty percent must be matched by local sources.
- Funds must be obligated (designated) by September 2009.
- The money can be used for:
 - Land acquisition
 - Design
 - Construction
 - Mitigation (i.e., landscaping, facade improvements, etc.)

Land acquisition, final design and construction cannot begin until the Federal Transit Administration approves the environmental document.
