

# Working together to plan for the future

Work Group: Grant Resource Alignment Workgroup (GRAWG)  
Staff Liaison: Joey Schueler

## Purpose:

The purpose of the Grant Resource Alignment Workgroup is to strategize and collaborate among partnering agencies in creating an annual calendar for grant resources to maximize funding for projects that meet the goals of the *Communities in Motion 2050* (CIM 2050) long-range transportation plan. The workgroup will facilitate information sharing and coordination among organizations and advocate for grant considerations in transportation project prioritization and implementation.

## Tasks:

1. Identify, review, and discuss federal, state, local, public, and private grant opportunities to assemble a list of prioritized funding opportunities for the current and next fiscal year
2. Review unfunded projects for the current and next year's Resource Development Plan to identify prioritized regional needs and develop a prioritized list of unfunded or underfunded projects suitable for grant submission in the immediate and upcoming year
3. Match grant opportunities with unfunded needs on a calendar basis to establish annual grant writing workflow, making sure all projects contribute to CIM 2050 goals
4. Collaborate with involved parties to develop a comprehensive annual grant writing calendar with timelines and assigned primary and support roles to maximize total grant submission outputs while distributing workloads over time for improved grant submission outcomes.
5. Review grant writing calendar on a quarterly basis to adapt, change, and/or update based on emerging notices of funding opportunities as well as the obligation of grant funds
6. Share information about the annual grant calendar, funding priorities, mid-year changes or updates and the overarching contributions to the long-range transportation plan with member agencies; provide feedback to the COMPASS Board of Directors
