COMPASS and Valley Regional Transit are once again sponsoring our annual holiday food drive to benefit the Meridian Foodbank. As you attend meetings at COMPASS and Valley Regional Transit between November 4 and November 20, you’ll see boxes and bins throughout the building to collect canned goods to help those in need in our community. We invite you to help us share our good fortune with those less fortunate by bringing canned food items to any of your COMPASS/Valley Regional Transit meetings between now and November 20 and depositing them in the boxes and bins available. COMPASS and Valley Regional Transit staff will be delivering the food to the foodbank the afternoon of Wednesday, November 20. Thank you for your support! If you have any questions, please contact Amy Luft at aluft@compassidaho.org or 475-2229.

</table>
MAKING A MOTION:
1. Seek recognition from the chair.
2. When you are recognized, say, “I move…” State your motion clearly, concisely, and completely.
3. Wait for someone to “second” your motion. A “second” does not imply the person making the second agrees with the motion – only that he/she agrees it should be debated.
4. Wait while the chair restates the motion. Be prepared to provide the motion to the chair in writing, if needed or requested, to ensure the chair accurately restates it.
5. Respectfully debate your motion. As the person making the motion, you have the right to speak first, but do not have to. When you speak, state your opinion then respectfully listen to, and consider, other opinions.
6. Wait for the chair to take a vote. After discussion is complete, the chair will call for a vote.
7. Listen as the chair announces the result of the vote.

To Change a Proposed Motion:
• Amend Motions to Raise Urgent Issues:
  - Question of privilege
  - Orders of the day
  - Object to consideration

Motions to Control Debate:
• Limit debate
• Previous question

Motions to Protect Rights:
• Division of the Assembly
• Point of order
• Appeal chair’s ruling
• Point of information
• Parliamentary inquiry

Motions to Choose Voting Methods:
• Vote by ballot, roll call, counted vote
• Choose method of nominations
• Open or close nominates or the polls

Motions to Delay Action:
• Refer to a committee
• Postpone to a definite time
• Recess
• Adjourn
• Postpone indefinitely
• Lay on the table

Motions to Vary the Procedures:
• Suspend the rules
• Divide the question
• Request to withdraw a motion
• Request relief from duty – or resign

Motions to Re-examine:
• Reconsider
• Rescind/Amend something previously adopted
• Take from the table
• Discharge a committee

Larry Maneely, Ada County
Don Matson, Community Planning Association
Toni Tisdale, Community Planning Association
Mike Toole, Department of Environmental Quality
Charles Trainor, Community Planning Association

CALL TO ORDER:

Chair Millar called the meeting to order at 1:30 pm.

AGENDA ADDITIONS/CHANGES

Matt Stoll said DEQ requested to add a Status Report on Air Quality as Special Item VI-B.

Rick Yzaguirre moved and Dave Jones seconded approval to amend the agenda as requested. Motion passed unanimously.

OPEN DISCUSSION/ANNOUNCEMENTS

Matt Stoll welcomed David Smith, BSU COMPASS Board representative, to his first Board meeting. Matt announced the October 21, 2013, Board meeting has been canceled.

Dave Jones announced ITD’s 129,000 pound truck weight open house October 17, 2013. District 3 is hosting the IT Board tour on October 23, 2013, and the IT Board meeting on October 24, 2013.
CONSENT AGENDA

A. Approve August 19, 2013, Board Meeting Minutes
B. Receive Approved July 16, 2013, Executive Committee Meeting Minutes
C. Receive Approved June 20, 2013, Finance Committee Meeting Minutes

Tammy de Weerd moved and John Evans seconded approval of the Consent Agenda as presented. Motion passed unanimously.

SPECIAL ITEM

A. Status Report - State and Federal Legislative issues

Ken Burgess provided a status report on state and federal legislative issues. Ken also reviewed a study conducted by the American Road and Transportation Builders Association comparing perceptions of the need for transportation infrastructure and perceived cost per person, as compared to other types of infrastructure and utilities.

B. Status Report - Air Quality

Mike Toole, Department of Environmental Quality Airshed Coordinator, presented a status report on ozone levels in the Treasure Valley.

ACTION ITEMS

A. Adopt Resolution 16-2013 Amending the FY2013-2017 Regional Transportation Improvement Program

Toni Tisdale presented an amendment to the FY2013-2017 Regional Transportation Improvement Program for first quarter obligation efficiencies as recommended for Board approval by the Regional Technical Advisory Committee.

After discussion, John Evans moved and Tom Dale seconded to adopt Resolution 16-2013 amending the FY2013-2017 Regional Transportation Improvement Program as presented. Motion passed unanimously.

B. Approve Prioritized List of Corridors and Projects for Communities in Motion 2040

Liisa Itkonen presented the prioritized list of corridors and projects for Communities in Motion 2040 as recommended for Board approval by the CIM 2040 Leadership Team.

After discussion, Kathy Alder moved and Tammy de Weerd seconded approval of the prioritized list of corridors and projects for Communities in Motion 2040 as presented. Motion passed unanimously.
C. Adopt Resolution 17-2013 Amending Communities in Motion 2035

Toni Tisdale presented Resolution 17-2013 amending Communities in Motion 2035 to add projects on SH-55 (Eagle Road) and US 20/26 as funded as recommended for Board approval by the Regional Technical Advisory Committee.

After discussion, Tom Dale moved and Craig Hanson seconded adoption of Resolution 17-2013 amending Communities in Motion 2035 as presented. Motion passed unanimously.

D. Adopt Resolution 18-2013 Approving the FY2014-2018 Regional Transportation Improvement Program and Associated Air Quality Conformity Demonstration

Toni Tisdale presented Resolution 18-2013 approving the FY2014-2018 Regional Transportation Improvement Program and associated air quality conformity demonstration as recommended for Board approval by the Regional Technical Advisory Committee. A public comment period was held August 5 through September 4, 2013.

After discussion, Kathleen Lacey said the City of Boise calls for weighted voting on this item.

After discussion, Sara Baker moved and Rebecca Arnold seconded approval of Resolution 18-2013 approving the FY2014-2018 Regional Transportation Improvement Program and Associated Air Quality Conformity Demonstration as presented by staff with a change that the FY2015 STP funds in the amount of $326,000 for the Boise Bike Share Program be swept from that program and put into roadway maintenance.

After further discussion, Kelli Fairless moved a substitute motion and Tom Dale seconded to adopt Resolution 18-2013 approving the FY2014-2018 Regional Transportation Improvement Program and Associated Air Quality Conformity Demonstration as presented leaving the Boise Bike Share Program in FY2015 pending a VRT progress report on the Boise Bike Share Program to the COMPASS Board in March 2014. Then the decision can be made on whether to fund the program in the FY2015-2019 Transportation Improvement Program.

Matt Stoll called role for a weighted vote on the substitute motion. Motion failed 289,861 to 500,496 with 32,615 abstentions.

Matt Stoll called role for a weighted vote on the original motion. Motion passed 500,496 to 289,861 with 32,615 abstentions.

**TOTAL VOTE COUNT**

**TOTAL WEIGHTED VOTE**

822,972

**Weighted voting must be requested:**
1) By all voting members from any one general member agency.
2) After a matter is properly before the Board, before the question is called, or the vote is held.

**General and Special Members represented at the Board meeting by one or more voting Directors will be granted one vote for each dollar it contributes in annual dues.**

**If more than one voting member is present for any one agency, the weighted vote shall be divided equally between the voting directors present at the time the vote is held.**

**22 TOTAL VOTE COUNT**

**TOTAL WEIGHTED VOTE**

822,972

Weighted voting must be requested: 1) By all voting members from any one general member agency.

2) After a matter is properly before the Board, before the question is called, or the vote is held.

General and Special Members represented at the Board meeting by one or more voting Directors will be granted one vote for each dollar it contributes in annual dues.

If more than one voting member is present for any one agency, the weighted vote shall be divided equally between the voting directors present at the time the vote is held.
ADJOURNMENT

Dave Case moved and Tom Dale seconded adjournment at 3:10 pm. Motion passed unanimously.

Dated this 18th day of November 2013.

EXECUTIVE COMMITTEE MEETING
AUGUST 20, 2013
COMPASS 2ND FLOOR LARGE CONFERENCE ROOM
MERIDIAN, IDAHO

**MINUTES**

ATTENDEES: Dave Bieter, Mayor, City of Boise, Immediate Past Chair
Tom Dale, Mayor, City of Nampa, Vice Chair
Bryce Millar, Commissioner, Nampa Highway District #1, Chair
Nathan Mitchell, Mayor, City of Star
Garret Nancolas, Mayor, City of Caldwell
Charlie Rountree, Councilman, City of Meridian, Chair-Elect
Steve Rule, Commissioner, Canyon County
Darin Taylor, Mayor, City of Middleton
Dave Wallace for Sara Baker, Commissioner, Ada County Highway District, Secretary-Treasurer

MEMBERS ABSENT: Dave Case, Commissioner, Ada County

OTHERS PRESENT: Nancy Brecks, Community Planning Association
Ken Burgess, Veritas Advisors
Megan Larsen, Community Planning Association
Amy Luft, Community Planning Association
Don Matson, Community Planning Association
Matt Stoll, Executive Director, Community Planning Association

CALL TO ORDER:

Chair Millar called the meeting to order at 2:00 pm.

AGENDA ADDITIONS/CHANGES

Matt Stoll requested to amend Agenda Item VI. B. to read: “Approve Board Members Travel Requests,” to include a travel request from Elaine Clegg to represent COMPASS at the AMPO Annual Conference October 22-25, 2013, in Portland, Oregon.

After discussion, Tom Dale moved and Steve Rule second to accept the agenda with the amendment to Action Item VI. B to read: Approve Board Members Travel Requests. Motion passed unanimously.

OPEN DISCUSSION/ANNOUNCEMENTS

None.
CONSENT AGENDA

A. Approve July 14, 2013, Executive Committee Meeting Minutes

Charlie Rountree moved and Steve Rule seconded approval of the Consent Agenda as presented. Motion passed unanimously.

ACTION ITEMS

A. Establish September 14, 2013, COMPASS Board Meeting Agenda

Matt Stoll presented staff proposed Agenda Items 1-14 for the September 16, 2013, COMPASS Board meeting.

After discussion, Garret Nancolas moved and Darin Taylor seconded approval of the Agenda Items 1-14 for the September 14, 2013, COMPASS Board meeting as presented. Matt Stoll has the latitude to amend the agenda as necessary. Motion passed unanimously.

Matt said he is recommending canceling the October 2013 Board meeting. No objections were heard.

B. Approve Board Members’ Travel Requests

Matt Stoll reviewed Board members’ travel requests for approval.

After discussion, Tom Dale moved and Nate Mitchell seconded approval of the Board member travel requests as presented; Charlie Rountree to represent COMPASS at the NARC Directors meeting in October 2013 and Elaine Clegg to represent COMPASS as the AMPO Annual Conference in October 2013. Motion passed unanimously.

C. Provide Direction Regarding the Proposed Grant Implementation Program for CIM 2040

Don Matson recapped concerns expressed at recent RTAC meetings on Board direction to formulate a proposed Grant Implementation Program.

After discussion, Garret Nancolas moved and Dave Bieter seconded to direct COMPASS staff, without RTAC input, to develop a proposed Grant Implementation Program for the Executive Committee’s review and recommendation to the full Board. Motion passed unanimously.

INFORMATION/DISCUSSION ITEMS

A. Status Report - State and Federal Legislative Issues

Ken Burgess provided an update on state and federal legislative issues.
B. Continue Update of the COMPASS Strategic Plan

Matt Stoll reviewed proposed strategic plan objectives based on goals recommended by the Executive Committee in June 2013. Staff recommends updating the plan every three years, with objectives covering a three-year period.

ADJOURNMENT

Garret Nancolas moved and Charlie Rountree seconded adjournment at 3:30 pm. Motion passed unanimously.

Dated this 17th day of September 2013.

**CALL TO ORDER:**

Chair Millar called the meeting to order at 2:05 pm.

**AGENDA ADDITIONS/CHANGES**

Matt Stoll requested to amend the agenda and add an Executive Session as Action Item VI-C pursuant to Idaho Code 67-2345 (c).

After discussion, **Tom Dale moved and Charlie Rountree seconded approval to amend the agenda to add an Executive Session pursuant to Idaho Code 67-2345 (c) as Action Item VI-C. Motion passed unanimously.**
OPEN DISCUSSION/ANNOUNCEMENTS

Mayor Reynolds stated he was in the process of contacting Mayor Mitchell regarding replacing him on the Executive Committee as the Ada County small cities representative.

CONSENT AGENDA

A. Approve August 13, 2013, Special Executive Committee Meeting Minutes and August 20, 2013, Executive Committee Meeting Minutes

Charlie Rountree moved and Sara Baker seconded approval of the Consent Agenda as presented. Motion passed unanimously.

ACTION ITEMS

A. Recommend Board Action on Proposed Grant Implementation Program for CIM 2040

Don Matson reviewed a proposed grant implementation program for COMPASS member agencies' projects as part of the approved scope of work for CIM 2040, as directed by the COMPASS Board in 2011.

After discussion, Tom Dale moved and Steve Rule seconded to recommend Board action on the proposed grant implementation program for CIM 2040. Motion passed with one nay vote.

B. Recommend Board Approval of Draft COMPASS Strategic Plan

Matt Stoll presented the draft COMPASS Strategic Plan, developed with the Executive Committee, for Board information in November and action in December 2013.

After discussion, Charlie Rountree moved and Dave Case seconded to recommend Board approval of the draft COMPASS Strategic Plan. Advance the draft COMPASS Strategic Plan to the COMPASS Board in November 2013 as an Information/Discussion Item and for action in December 2013. Motion passed unanimously.

C. Executive Session – Labor Negotiations Idaho Code 67-2345 (c)

Charlie Rountree moved and Dave Case seconded to adjourn into Executive Session pursuant to Idaho Code Idaho Code 67-2345 (c) at 2:35 pm.

Matt Stoll called role. The following Executive Committee members were present and voted in the affirmative to move into Executive Session: Sara Baker, Dave Case, Tom Dale, Steve Rule, Bryce Millar, Charlie Rountree, and Jim Reynolds. There were no nay votes.

Tom Dale moved and Charlie Rountree seconded to convene back into regular session at 3:00 pm. No action was taken in Executive Session. Discussion took place pertaining to Idaho Code 67-2345 (c).
Tom Dale moved and Charlie Rountree seconded Executive Committee approval of the administrative changes as explained by Matt Stoll. Motion passed unanimously.

OTHER

Matt noted the October 21, 2013, Board meeting has been canceled, but there will be an Executive Committee meeting and a CIM 2040 Leadership Team meeting on October 15, 2013.

ADJOURNMENT

Dave Case moved and Steve Rule seconded adjournment at 3:05 pm. Motion passed unanimously.

Dated this 15th day of October 2013.

Community Planning Association of Southwest Idaho
COMPASS BOARD MEETING AGENDA ITEM VI-A  
Date: November 18, 2013

**Topic:** FY2014-2018 Regional Transportation Improvement Program Amendment

**Summary:**
Modifications are needed to the FY2014-2018 Regional Transportation Improvement Program due to final mirroring of the program by ITD and COMPASS staff. Multiple changes require a Board-approved amendment. Details of all amendments are provided in the attachment to the resolution (Attachment 1). Many of the mirroring changes were considered minor and processed via Administrative Modification Number 1 (Item VIII-F).

**Staff Recommendation/Request:**
Staff seeks COMPASS Board adoption of Resolution 01-2014 (Attachment 1) amending the FY2014-2018 Regional Transportation Improvement Program. The Regional Technical Advisory Committee recommended Board approval of these changes on September 23, 2013.

**Implication (policy and/or financial):**
Action is needed in order to process the changes to obligate in a timely manner.

**Highlights:**
Please note that program changes were made to a Boise Greenbelt project via Administrative Modification (Item VIII-F). The project was originally funded with Surface Transportation Program dollars and received an additional $15,000 through the Transportation Alternatives Program. Typically, when adding a funding source, the change is processed via amendment; however, because the work needed to be done before winter weather started, the Transportation Management Area Balancing Committee recommended processing through Administrative Modification noting to the Board the action occurred.

**More Information:**
1) Attachment 1 – Resolution 01-2014  
2) For detailed information contact: Toni Tisdale, Principal Planner, at 475-2238 or email ttisdale@compassidaho.org.
RESOLUTION No. 01-2014
FOR THE PURPOSE OF AMENDING THE FY2014-2018 REGIONAL TRANSPORTATION IMPROVEMENT PROGRAM

WHEREAS, the Community Planning Association of Southwest Idaho (COMPASS) has been designated by the Governor of Idaho as the Metropolitan Planning Organization responsible for transportation planning in Ada and Canyon Counties; and

WHEREAS, the Moving Ahead for Progress in the 21st Century (MAP-21) Act, Title 23 United States Code Section 134, and Title 49 United States Code Section 5303 requires Metropolitan Planning Organizations to develop and approve a Transportation Improvement Program; and

WHEREAS, MAP-21, Title 23 United States Code Section 134, and Title 49 United States Code Section 5303 require projects contained in the Transportation Improvement Program to be financially constrained; and

WHEREAS, the 1990 Clean Air Act Amendments requires all transportation plans and programs in nonattainment or maintenance areas demonstrate conformity to applicable state implementation plans for air quality improvement; and

WHEREAS, no additional review for air quality conformity is necessary for these projects; and

WHEREAS, MAP-21, Title 23 United States Code Section 134, and Title 49 United States Code Section 5303 require Transportation Improvement Programs be developed and amended in consultation with all interested parties; and

WHEREAS, no additional public comment period is necessary for this amendment; and

WHEREAS, the Community Planning Association of Southwest Idaho desires to take timely action to ensure the availability of federal funds; and

WHEREAS, the Community Planning Association of Southwest Idaho developed this amendment to the FY2013-2017 Regional Transportation Improvement Program in compliance with all applicable state and federal regulations; and

WHEREAS, the attached table dated October 23, 2013, details the amendment to the FY2014-2018 Regional Transportation Improvement Program.

NOW, THEREFORE, BE IT RESOLVED, that the Community Planning Association of Southwest Idaho Board of Directors approves the amendment to the FY2014-2018 Regional Transportation Improvement Program.

DATED this 18th day of November 2013.

APPROVED:

**Funding Source:** STP-TMA

Set aside for STP-TMA cost increases.

Add project. A set aside was originally scheduled, but was not included in the Draft TIP.
Topic: Funded/Unfunded Transportation Projects List for Communities in Motion (CIM) 2040

Summary:
Following the COMPASS Board’s action to focus Surface Transportation Program (STP) funds in CIM 2040 on maintaining the existing transportation system, and the Board’s approval of the 33 priority transportation corridors for the plan, COMPASS staff, with the CIM 2040 Planning Team, developed the draft funded/unfunded transportation projects list. At its October 15, 2013, meeting, the CIM 2040 Leadership Team recommended the attached funded projects and unfunded needs for Board approval.

The attachment listing the funded/unfunded transportation projects for CIM 2040 includes all transportation projects that use federal funds, local and state funded transportation projects on Interstate 84 and principal arterials, as well as unfunded needs on the prioritized corridors and projects.

Table 1 of the attachment lists short-term (FY2014 – 2018) budgeted capital roadway projects on Interstate 84 and principal arterials and projects that use federal funds. Table 2 lists local or state funded projects on principal arterials for FY2019 – 2040. Table 3 lists the unfunded needs for the Board approved priority corridors and projects.

The attachment also includes narratives that summarize the budgeted investments for “non-expansion” projects, and a discussion of maintenance investments and needs. If necessary, changes may still be made to the tables and narratives based on feedback from transportation agencies (e.g., updated project costs). The tables and narratives will be finalized (no additional changes) as of December 31, 2013.

Staff Recommendation/Request:
Staff seeks Board approval of the funded/unfunded transportation project lists for CIM 2040, as presented in the attachment to this memo.

Implication (policy and/or financial):
At its June 17, 2013, meeting, the COMPASS Board acted to focus federal funding on maintenance in CIM 2040. The attachment describes funded projects and unfunded needs on priority corridors, should additional funds become available.

More Information:
1) Attachment 1 – Funded/Unfunded Transportation Projects List
2) For detailed information contact: Liisa Itkonen, Principal Planner, 475-2241 or litkonen@compassidaho.org.
The table below shows regional capital projects programmed (budgeted) for construction between 2014 and 2018 on Interstate 84 and principal arterials, and all transportation projects using federal funds. This information is from the FY2014-18 Regional Transportation Improvement Program, ACHD FY2014-18 Integrated 5-Year Work Plan, and Nampa Highway District #1 FY2014-2018 Five Year Work Plan.

**Total Budgeted Regional Capital Projects** **$268,732,000**

*Cost does not include environmental clearances.*

**Acronyms:**
ACHD = Ada County Highway District  
SH = State Highway  
TIP = Transportation Improvement Program  
FYWP = Five Year Work Plan (for Ada County Highway District)
Additional Federally Funded Investments into the Transportation System, FY2014 –
2018:

Safety:
Twenty-one safety projects are funded over the next five years throughout Ada and Canyon Counties. These projects cover a range of safety elements such as sidewalk improvements and road and railroad intersection improvements and cost a total of $16.2 million. Safety projects consume about 4.2 percent of the cost of all funded projects.

For a list of specific safety projects, please see the Project by Type report on http://www.compassidaho.org/documents/prodserv/CIM2040/CIMFY1418DetailedReportbyProjectType.pdf.

Bridge Rehabilitation and Replacement:
Eight bridge rehabilitation or replacements projects are funded over the next five years throughout Ada and Canyon Counties. Bridge projects range in cost from just over $100,000 to more than $16 million depending on the length of bridge and type of structure. These bridge projects have a total cost of $48.8 million and consume about 12.5 percent of the cost of all funded projects.

For a list of specific bridge projects, please see the Project by Type report on http://www.compassidaho.org/documents/prodserv/CIM2040/CIMFY1418DetailedReportbyProjectType.pdf.

Note: new bridges, overpasses, and the addition of travel lanes on bridges are listed in Table 1.

Paved Pathway:
Thirteen paved pathway projects are funded over the next five years throughout Ada and Canyon Counties. These projects include trail projects in Boise, Eagle, Meridian, and other areas of Ada and Canyon County. These types of projects account for $3.8 million, or 1 percent of the cost of all funded projects.

For a list of specific enhancement and paved pathway projects, please see the Project by Type report on http://www.compassidaho.org/documents/prodserv/CIM2040/CIMFY1418DetailedReportbyProjectType.pdf.

Roadway Maintenance
Twenty-eight roadway maintenance projects are funded over the next five years throughout Ada and Canyon Counties. These projects cover a range of maintenance elements such as seal coating and resurfacing of existing roadways at a total cost of $87.8 million, or 22.5 percent of all funded projects.

For a list of specific roadway maintenance projects, please see the Project by Type report on http://www.compassidaho.org/documents/prodserv/CIM2040/CIMFY1418DetailedReportbyProjectType.pdf.
**Studies/Planning/Special Projects**
Thirty-three studies, planning, or special projects are funded over the next five years throughout Ada and Canyon Counties. These projects range from supporting planning efforts for various municipalities to conducting an alternatives analysis for the Boise downtown circulator. These types of projects have a combined cost of **$14.4 million**, or 3.7 percent of the cost of all funded projects.

For a list of specific studies, planning, or special projects, please see the Project by Type report on [http://www.compassidaho.org/documents/prodserv/CIM2040/CIMFY1418DetailedReportbyProjectType.pdf](http://www.compassidaho.org/documents/prodserv/CIM2040/CIMFY1418DetailedReportbyProjectType.pdf).

**Public Transportation:**
One hundred twenty public transportation projects are funded over the next five years throughout Ada and Canyon Counties. These projects cover maintenance of existing facilities, bus replacements, and operations with a combined cost of **$47.9 million**, or 12.3 percent of the cost of all funded projects.

For a list of public transportation projects, please see the Project by Type report on [http://www.compassidaho.org/documents/prodserv/CIM2040/CIMFY1418DetailedReportbyProjectType.pdf](http://www.compassidaho.org/documents/prodserv/CIM2040/CIMFY1418DetailedReportbyProjectType.pdf).

**Intelligent Transportation System (ITS)**
Two ITS projects are funded over the next five years throughout Ada and Canyon Counties. These projects include traffic signal timing and ACHD Rideshare improvements. These two projects cost of **$3.5 million**, or 1 percent of the total cost of all funded projects.

For a list of ITS projects, please see the Project by Type report on [http://www.compassidaho.org/documents/prodserv/CIM2040/CIMFY1418DetailedReportbyProjectType.pdf](http://www.compassidaho.org/documents/prodserv/CIM2040/CIMFY1418DetailedReportbyProjectType.pdf).

**Travel Demand Management (TDM)**
Nine TDM projects are funded over the next five years throughout Ada and Canyon Counties. These projects include improvements to Ada County Highway District’s rideshare program and total **$1.3 million**, or roughly three-tenths of 1 percent of the total cost of all funded projects.

For a list of TDM projects, please see the Project by Type report on [http://www.compassidaho.org/documents/prodserv/CIM2040/CIMFY1418DetailedReportbyProjectType.pdf](http://www.compassidaho.org/documents/prodserv/CIM2040/CIMFY1418DetailedReportbyProjectType.pdf).

A summary of FY2014-2018 local transportation investments by the local highway districts and cities will be included in chapter 6.
The table below shows regional capital projects that are planned and funded for construction between 2019 and 2040 on Interstate 84, principal arterials, and/or using federal funds. This information is from ACHD’s 2012 Capital Improvement Plan and from District 3 of the Idaho Transportation Department.

**Long-Term Maintenance Investment/Needs FY2019 – 2040**

The Idaho Transportation Department (ITD) has a statewide goal for at least 82% of pavement to be in good or fair condition. As of 2012, 86% of ITD’s pavement, statewide, was in good or fair condition. ITD implemented new management systems to strategically schedule preventative maintenance and preservation projects at the optimal time across the state.

ITD has a statewide goal for at least 80% of all bridges on the state highway system to be in good condition. As of 2012, 73% of ITD’s bridges, statewide, were in good condition. ITD strategically schedules preservation and restoration projects to improve deteriorating bridges across the state. Over time, increased investments will be needed to achieve this goal.

Specific goals and targets are provided in *chapter xx, page xx* (prioritization info) specifically for Surface Transportation Program funds in the urbanized areas. After off-the-top funds for ACHD Commuteride and COMPASS planning are removed, remaining funds will be used for maintenance with the following percentage splits:

- 82% for roadway projects
- 15% for public/alternative transportation projects
- 3% for planning or special projects

It is assumed transit will maintain existing services unless additional funding becomes available through federal, state, or local sources.

*[This information will be completed/updated based on agency feedback by December 31, 2013.]*
The table below lists the unfunded needs for the 33 CIM 2040 priority corridors regardless of possible/potential funding source or roadway classification. The project descriptions and estimated costs are planning level estimates and do not represent agency commitment.

T:\FY14\600 Projects\661 Communities in Motion\7. Prepare Plan\Maintenance\Attachment_Funded_Unfunded_Nov1813.docx
**Topic:** Approve Proposed Grant Implementation Program for Communities in Motion (CIM) 2040

**Summary:**
As part of the approved scope of work and budget for CIM 2040, in 2011 the COMPASS Board directed that a “grant implementation program for member agencies” be developed. After discussions with the Regional Technical Advisory Committee and with the Executive Committee, staff was directed to develop a proposal for the Executive Committee to consider for recommendation to the COMPASS Board.

The Executive Committee voted at its September 17, 2013 meeting to recommend Board action on the attached outline for the proposed program.

Key features of the proposed program include:
- Focus on special planning/implementation efforts for activity centers and corridors, including downtown areas per approved Task 2.3.1.b. “Develop specific area plans for activity centers consistent with CIM 2040 and with planned integration of alternative transportation systems”
- Requirement to address multiple elements of CIM 2040 (transportation, housing, economic development etc.).
- Allow in-kind contributions from member agencies as match.
- Requirement to invite all affected member agencies to participate in project.
- Annual awards totaling no more than $100,000.

**Staff Recommendation/Request:**
Staff seeks Board approval of the CIM 2040 Grant Implementation Program outline, as presented in the attachment to this memo.

**Implication (policy and/or financial):**
The Grant Implementation Program awards would draw from the COMPASS fund balance, including savings in the budget for preparing CIM 2040.

**More Information:**
1) Attachment 1 – Proposed Grant Implementation Program Outline
2) For detailed information contact: Don Matson, Principal Planner, 475-2240 or dmatson@compassidaho.org.

Attachment
DM: T:\FY14\600 Projects\661 Communities in Motion\8. Implementation\Grant Program\BoardMMO_Nov2013_CIM-GIP.docx
Proposed Grant Implementation Program Outline

1. **Eligible Applicants**: All COMPASS member agencies are eligible for the program.

   *Discussion. The spirit of the program, as suggested to the Board in 2011, was to encourage member agencies to engage in locally-focused activities that would help implement the regional plan, and thereby elevating all agencies as stronger partners and stakeholders in the region’s future.*
   
a. **Partnerships**. Applicants/awardees are required to invite all other affected member agencies to participate in the project prior to commencing work.

   *Discussion. Not all agencies will have the resources to fully participate in a given project, but all partners will be given the opportunity to do so. The funds for the grants are provided through member agency contributions, and as such all member agencies have an interest in the distribution of the funds. Also, all parts of the region can be affected by individual projects, at least indirectly.*

b. **Other entities/agencies**. Other entities and agencies may participate as partners in a project, but the applicant must be a COMPASS member agency. Preference would be given to projects with a COMPASS member agency(ies) as the project lead.

   *Discussion. Not all agencies will have the resources to fully participate in a given project, but all partners will be given the opportunity to do so. The funds for the grants are provided through member agency contributions, and as such all member agencies have an interest in the distribution of the funds. Also, all parts of the region can be affected by individual projects, at least indirectly.*

2. **Focus/Intent**: Development tools, such as site planning and form-based codes, or unique implementation projects, for activity centers and downtown areas consistent with the CIM 2040 Vision.

   *Discussion. When looking at local needs for implementing CIM 2040, which will be in effect from 2014 to 2018, a grant implementation program will be most effective at helping member agencies make significant efforts to enable and encourage vibrant local development and reinvestment projects that meet multiple regional goals.*

a. **Approved Tasks**. Projects must be consistent with the goals and objectives approved for CIM 2040, and fulfill an active task(s) also approved for CIM 2040, specifically:

   i. **Task 2.3.1.b**. Develop specific area plans for activity centers consistent with CIM 2040 and with planned integration of alternative transportation systems. Projects should also consider:

   ii. **Task 1.1.2.d**. Provide better access to transit, bike and pedestrian facilities to offset congestion.

   iii. **Task 2.2.2.a**. Invest in town centers, main streets, and existing infrastructure as identified in CIM 2040.

b. **Multiple Goals**. Successful projects must contribute to multiple goal areas of CIM 2040. Proposals will indicate which approved goals and objectives it addresses, including Transportation, Land Use, and preferably two or more of the other areas (Housing, Community Infrastructure, Health, Economic Development, Open Space, or Farm Land).
c. **Measurement Tools.** Part of the process in preparing CIM 2040 is the establishment of (performance) measurements and targets. If an applicant can demonstrate that a project’s implementation will contribute to an established measure(s) or target(s), the requirement for multiple goals may be reduced.

*Discussion. To implement CIM 2040 will require more focus on local projects that meet the breadth and depth of the plan. No single member agency has the resources to address all eight goal areas in CIM 2040, but an implementation grant can enable any agency to elevate a project to include broader regional goals.*

3. **Eligible Projects:** The types of projects that typically would fulfill the tasks listed above include (but are not be limited to) plans, regulatory tools, economic/market analyses, concepts/designs (including engineering/architecture, etc.), and construction (see below).

a. **Other eligible projects.** A grant need not be awarded for a stand-alone project, but may include a phase or component of a larger project that meets the goals of the program.

b. **Infrastructure/construction.** Awards may include infrastructure projects or components in activity centers or downtown areas that also meet the goals of the program. Examples include appropriate safety features, street furniture, and connections between transportation modes or missing network links.

c. **Discouraged.** Generic or larger scale projects, such as a trail or corridor plan, sub-area plan, city-wide code upgrade, comprehensive plan element, or typology study are discouraged.

*Discussion. One goal of an implementation grant program is to encourage and help fund projects that either a) do not have a regular or dedicated funding source, or b) have not been funded because of economic or other difficulties. A grant may also be appropriate for part of a larger project that is funded by a formula grant or dedicated source, where a desired component that meets the goals of this program would not be considered within the context of the larger funding stream.*

4. **Targeted Funding.** Preference will be given to projects that demonstrate one or more of the following conditions:

a. There is no regular or dedicated source (including state or federal formula grants) that would fund the project.

b. The project could not be funded by the applicant because of economic or other difficulties.

c. The project is eligible for funding via a regular or dedicated source but has been denied because of budget shortfalls or other priorities.

5. **Cost/Awards:** COMPASS will allocate up to $100,000 per year (FY2015, FY2016, FY2017, and FY2018) for the program. Grants may be awarded for less than the allocated amount each year.

a. **Project awards.** COMPASS member agencies may apply for implementation grants in any amount up to $100,000.
b. **Regional application.** If more than one grant is awarded in any fiscal year, there will be at least one grant awarded in each county. If only one grant is awarded in a fiscal year, applications received from agencies in the other county will have preference in the next grant cycle (the following fiscal year).

*Discussion.* COMPASS staff investigated actual planning grants and consultant contracts for similar projects from eight other MPOs. This included TOD plans and market analyses, neighborhood housing needs assessments, downtown sustainability plans, bike/transit enhancements, town center plans, streetscape improvements, and feasibility studies. Most costs ranged from $30,000 to $125,000. A few MPOs had projects that were split between fiscal years, and some funded complex rail-based TOD plans for $150,000-$200,000.

6. **Required Match/Contribution:** Applicant agencies will supply a match of 7.34% to the grant amount. In-kind contributions of labor/staff time may be included in the project match.

   *Discussion.* To keep in line with most federal highway grants, the match rate is 7.34% minimum. In-kind contributions are allowed as part or all of the match, but it is limited to labor hours (does not include supplies, equipment, meeting rooms, etc.).

7. **Process:** The intent of the grant program is to keep the process as simple as possible.

   a. Applications will be due in late winter when most agencies have less activity.

   b. Agreed expenses will be covered by reimbursement to the applicant/member agency and will be processed in a timely manner.

   c. Prioritization and recommendations will be formulated by a subcommittee of RTAC (or a committee/subcommittee designated by the Board).

      i. Keypad polling may be employed to help prioritize grant applications.

      ii. Applicants will not score their own project applications.
COMPASS BOARD MEETING AGENDA ITEM VI-D
Date: November 18, 2013

Topic: Rural Prioritization Recommendation

Summary:

On August 20, 2012, the COMPASS Board approved a process for rural project prioritization. It was agreed that the rural roadway jurisdictions in Ada and Canyon Counties would meet to determine rural priorities for the region and forward a recommendation for approval to the COMPASS Board.

The rural jurisdictions in Ada and Canyon Counties met on October 9, 2013, in Greenleaf, Idaho to discuss rural prioritization. Staff is currently in the process of obtaining signatures from leadership of each jurisdiction on the recommendation for rural priorities (attachment to the resolution). A signed copy of the recommendation will be provided at the Board meeting.

The Local Highway Technical Assistance Council currently accepts Surface Transportation Program – Rural applications every other year. This year is an “off” year, with no applications being accepted in the program.

Staff Recommendation/Request:
Staff seeks COMPASS Board adoption of Resolution 02-2014 as presented.

Implication (policy and/or financial):
Action is needed because rural agencies are using the resolution as documentation of regional support for local priorities in rural project applications.

More Information:
1) Attachment 1 – Resolution 02-2014
2) For detailed information contact: Toni Tisdale, Principal Planner, at 475-2238 or email ttisdale@compassidaho.org.
RESOLUTION NO. 02-2014
FOR THE PURPOSE OF SUPPORTING RURAL PRIORITIZATION

WHEREAS, the Community Planning Association of Southwest Idaho (COMPASS) has been designated by the Governor of Idaho as the Metropolitan Planning Organization responsible for transportation planning in Ada and Canyon Counties; and

WHEREAS, the COMPASS Board recognizes the need to prioritize rural project applications in Ada and Canyon Counties; and

WHEREAS, the Local Highway Technical Assistance Council desires regional coordination prior to agencies submitting rural transportation applications; and

WHEREAS, representatives of rural transportation jurisdictions in Ada and Canyon Counties met on October 9, 2013 in the City of Greenleaf, Idaho to determine the most effective rural projects in the region; and

WHEREAS, representatives of each rural transportation jurisdiction in Ada and Canyon Counties signed the rural prioritization recommendation document as support for these projects and the priorities; and

WHEREAS, the attached document dated October 9, 2013, details the rural priorities, as recommended.

NOW, THEREFORE, BE IT RESOLVED, that the Community Planning Association of Southwest Idaho Executive Committee on behalf of the Board of Directors does hereby support the rural priorities for Ada and Canyon Counties.

DATED this 18th day of November 2013.

APPROVED:

By: __________________________
Bryce Millar, Chair
Community Planning Association of Southwest Idaho Board of Directors

ATTEST:

By: __________________________
Matthew J. Stoll, Executive Director
Community Planning Association of Southwest Idaho

T:\FY14\900 Operations\990 Direct Operations Maint\Board\FY2014 Resolutions\Resolution 02-2014.doc
In 2012, a rural project prioritization process was agreed to by all the rural roadway jurisdictions in Ada and Canyon Counties and approved by the COMPASS Board on August 20, 2012. The process provides regional priorities for the Local Highway Technical Assistance Council’s (LHTAC) rural project application process. Regional priorities allow additional points through LHTAC’s scoring process.

Rural roadway jurisdictions in the two-county area include the following:

- Ada County Highway District
- Canyon Highway District Number 4
- City of Greenleaf
- City of Parma
- City of Melba
- City of Notus
- City of Wilder
- Golden Gate Highway District Number 3
- Nampa Highway District Number 1
- Notus-Parma Highway District Number 2

Participation in the rural prioritization process is voluntary; and these priorities have been established by agreement between the undersigned member agencies.

The Second Annual Rural Prioritization meeting was held on October 9, 2013, in the City of Greenleaf. After negotiations, the following priorities are recommended for consideration in the LHTAC process:

**Local Rural Highway Investment Program – Construction**

1. Hoskins Road, Phase 3, from US-95 to SH-55 – Rehabilitation
   *Golden Gate Highway District #3*
2. Lowell Road Improvements, from SH-55 to Riverside Road – Resurfacing
   *Canyon Highway District #4*
3. Main Street, from North 6th Street to East Grove Avenue – Reconstruction
   *City of Parma*
4. Big Foot Road, from Rim road to Powerline Road – Rehabilitation
   *Nampa Highway District #1*

**Local Rural Highway Investment Program – Signs**

1. Sign Maintenance and Replacement
   *City of Melba*
2. Sign Replacement
   *City of Wilder*

**Local Rural Highway Investment Program – Planning**

1. Transportation Plan
   *Notus-Parma Highway District #2*
The participants at the Second Annual Rural Prioritization meeting recommend the programs, as described, for approval by the COMPASS Board.

Topic: Transportation Service Coordination Plan for Ada and Canyon Counties.

Summary:
The purpose of the Transportation Service Coordination Plan is to maximize existing public transit services, increase service efficiency, and secure additional funding. COMPASS has developed the 2014 Transportation Services Coordination Plan for Ada and Canyon Counties and is seeking COMPASS Board approval of the plan.

Previously, Ada and Canyon Counties had been included in a larger six-county plan. Negotiations between metropolitan planning organizations (MPOs) across Idaho and the Idaho Transportation Department have resulted in boundary changes for these types of plans to allow MPOs to develop plans to specifically address their planning areas.

The 2014 plan builds upon and considers elements of previous Transportation Services Coordination Plans, while also reflecting current planning activities in the region, including the update of Communities in Motion. The draft plan can be found online:
http://www.compassidaho.org/documents/prodserv/mobility/TransportationServiceCoordinationPlan%28Edited%29.pdf

Staff Recommendation/Request:
Staff seeks approval of the Transportation Service Coordination Plan for Ada and Canyon Counties. The Regional Coordination Council and RTAC have recommended approval by the COMPASS Board. The VRT Executive Committee approved the plan on November 4, 2013.

Implication (policy and/or financial):
Transportation Service Coordination Plans are federally required for accessing funds from the FTA Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities program. Additionally, FTA recommends using this coordinated planning process as a best practice for project selection for other FTA funding programs.

Highlights:
Public comments were accepted from Thursday, July 18, 2013 through Monday, August 19, 2013, on the Transportation Services Coordination Plan needs and strategies for Ada and Canyon Counties (Attachment 1).

Since that time, staff has completed a draft of the plan that includes the following changes:

- Add language to clarify the LMMN boundary changes to fit the MPO planning area.
- Update maps/demographics to fit most recent census data and change in planning area.
- Focus on developing the strategies to fit within the framework of valleyconnect and other planning efforts.
• Update strategy titles to be succinct and organized based on the valleyconnect plan elements. Develop numbering system for strategies to reflect the planning area (3D).
• Include funding estimates for FTA programs.
• Update language from SAFETEA-LU to MAP 21.
• Include Title VI language.

More Information:
1) Attachment 1: Public comments on Transportation Service Coordination Plan needs and strategies.
2) For detailed information contact: Walt Satterfield, Associate Planner, at 475-2237 or email wsatterfield@compassidaho.org.
Transportation Service Coordination Plan Comments

Overview: Public comments were accepted from Thursday, July 18, 2013 through Monday, August 19, 2013, on the Transportation Services Coordination Plan needs and strategies for Ada and Canyon Counties.

The information available for comment described multi-modal transportation needs in Ada and Canyon Counties, and then outlined strategies to address those needs. The stakeholders were asked to take a look at the needs and strategies and consider if there are additional transportation needs that have not been identified or if there are additional transportation strategies (services or programs) that would meet personal or community needs.

Comments could be submitted via email, fax, letter, or through Survey Monkey.

Comments Received Via Survey Monkey

1. Bike and Ped facilities in the Treasure Valley (Canyon County) are extremely lacking. I am glad to see that you address these issues in this plan. But my question is how might you be able to require that cities follow their own plans and consider bike and ped issues in each project they develop? The biggest issue I see in Nampa especially, is that these facilities are viewed as an add-on, not an automatic part of their designs. Nampa also needs to reconsider their "policy" on not installing bike lanes on Major Arterials. This is the exact opposite view of many other transportation agencies. How can you support the effort to change this to be consistent with the other agencies, thereby coordinating what will someday be an interconnected network? 08/19/2013

2. This is just a comment/suggestion regarding motor vehicle transportation, specifically in Ada and Canyon Counties. Now that the Interstate has been considerably improved, with lots of lanes to serve the motor vehicle commuters who travel daily, mostly from the west into Boise... I'd sure like to see rush-hour HOV lanes implemented. I believe the metro area has the population base, and surely all roadway users can agree that even with the additional traffic lanes, we'll never build enough capacity for congestion to NOT be an issue, at least during "rush hour." I'd suggest that on Mondays thru Fridays, between 6am and 9am, one EASTBOUND lane be reserved for HOV traffic (vehicles with more than one occupant, and motorcycles). And on the flipside, maybe between 3:30pm and 6:30pm, a WESTBOUND lane would likewise be reserved. This would provide a minor incentive for people to use our limited infrastructure more efficiently. (There is no less-efficient way of using it than one person in each car, as far as I know.) Whenever I've brought this up before, I get a response that's meaningless to me about this-and-that agency that would have to buy off. I don't know about all the bureaucratic red tape; I'd just like to see it happen! [Full disclosure: It wouldn't make much difference to me personally and immediately, either way. I live, and have always lived, within bike-commuting distance of my workplace and most other local destinations. But less congested roadways, pollution, etc., would have an incremental effect on the quality of life my family enjoys.] Thanks. Steve Hulme 08/07/2013
3. This process is way too complex for the General Public, it needs to be broken down into smaller bites. KISS Principle!!!! The vernacular and acronyms are way too difficult for the Public to understand. What is the statistical sample size ("n" Value) targeted, and what is the minimal threshold regression value for this Survey? What Compass/Community Resources are lacking in this Process? What similar national/international regional paradigms are working in communities that have engaged in this type of planning process? Any Models in the AICP arena that can be drawn upon? Europe is much further ahead on addressing these issue (populations densities, land restrictions, etc.), any Models there that can be drawn upon? We do not need to invent the wheel, just need to make a constant improvement on a very Flexible Regional Model that has stayed within Funding "predictions", demonstrated cost effectiveness, and has had significant measurable benefit(s)/results(s). Will this include Bayes (Theorem) Statistical Analysis? 08/05/2013

4. I am concerned about public safety. Do future park and ride sites become duck blinds for predatory looters and molesters. 08/03/2013

5. Under Idaho law, "Crosswalk" means: (a) That part of a highway at an intersection included within the connections of the lateral lines of the sidewalks on opposite sides of the highway measured from the curbs or in the absence of curbs, from the edges of the traversable highway; and in the absence of a sidewalk on one side of the highway, that part of a highway included within the extension of the lateral lines of the existing sidewalk at right angles to the centerline. (b) Any portion of a highway at an intersection or elsewhere distinctly indicated for pedestrian crossing by lines or other markings on the surface. I.C. 49-702. Pedestrians' right-of-way in crosswalks. (1) When traffic-control signals are not in place or not in operation the driver of a vehicle shall yield the right-of-way, slowing down or stopping, if need be, to yield to a pedestrian crossing the highway within a crosswalk. This law is not well enforced in the Treasure Valley. Most motorists drive as if unaware that pedestrians have the right of way to cross the street at unmarked intersections. Marking lawful crosswalks and enforcing pedestrians' right to have drivers stop to allow them to cross at non-signalized intersections would make walking safer and much more pleasant. Greater emphasis on the crosswalk law should be given in driver training and a full-blown education and enforcement program should be mounted if our communities are serious about encouraging people to walk. 7/21/2013 8:59 PM

6. I live off Franklin and Cherry Lane in Nampa.. It would be nice to have a bus stop in my area that provided transportation in and around Nampa or even to Boise.. I would use the bus system if it were accessible. 7/18/2013 8:21 PM

7. good, thorough work on this plan. Thank you for stressing the importance of alternative transportation for our cities and rural areas. I hope the funding can be secured to implement plans very soon. There is a large portion of our population which needs alt. trans. now. Ed Keener 7/18/2013 11:12 AM
Comments Received Via Email:

1. I have completed a brief review of the Plan and find that generally all is there. One recommendation I have is that perhaps it would be of value beyond having just needs and strategies, is to develop priorities and implementation steps. The “Plan” seems not to have much teeth in that it just identifies more or less all needs and all potential strategies. The question I would have is if you got one more dollar, where would be the priority for where to put it. Something to consider. Thanks for the opportunity to comment. Ryan Head
   Tue 7/23/2013 1:39 PM

2. On behalf of World Relief-Boise, one of three refugee resettlement agencies in Boise, I strongly support expansion of primary and secondary bus and van services into Meridian (first) then Eagle, Nampa, and Caldwell areas. My support is this: expanded basic transportation services directly compliment and facilitate other markets and services already in existence that enhance the survivability of refugee (and general lower income) populations by greatly assisting them toward economic self-sufficiency. For refugee families, it is often cheaper to live and work in non-Boise City communities, affording them opportunities to access services that are more available and affordable than in the metropolitan core. These services include: 1) greater availability of affordable housing in these cities, 2) greater access to employment opportunities in this expanded marketplace, and 3) access to additional services (medical, commercial, educational, etc.) outside the Boise core. Please make every effort to expand transportation and broaden the hours of coverage to include late evening and weekends into Meridian, Eagle, Nampa, and Caldwell.
   Tue 7/23/2013 2:28 PM

3. It may be that my concern is addressed by the circulator mentioned under item 9, but for me the bus system won’t be a viable alternative until there are routes that run in predictable patterns. For example, a bus that made a big rectangular loop around Fairview, Orchard, Franklin, Milwaukee, and back to Fairview would be predictable. If there was then another bus that made a big rectangle with one leg on Five Mile, then I am in business on those days when snow and ice keep me from bicycling to work. (It would really be nice if the buses ran on the weekends!) As-is, the bus routes are focused on serving certain destinations, such as BSU, the mall, HP, and downtown. If you work in one of these places, I suppose the routes are good. For those of us who don’t work in these places, the routes make no sense. Thu 7/18/2013 9:55 AM
Topic: Draft COMPASS Strategic Plan

Background:
The COMPASS Executive Committee undertook a process from August 2012 – September 2013 to update the previous COMPASS strategic plan, which was developed in 2005 and adopted in January 2006. This process is outlined on page 2 of the attached draft COMPASS FY2015-2017 Strategic Plan. Many high-level elements of the 2006 strategic plan were kept, or modified only slightly. In addition, a new agency mission replaced separate Board and staff missions, and new objectives were developed to reach agency goals.

The COMPASS FY2015 - 2017 Strategic Plan is designed to be a living document to be used when developing tasks and allocating resources. Beginning in FY2015, the Unified Planning Work Program (UWPW) will include a section outlining strategic plan goals and objectives and depicting how those will be accomplished during that fiscal year. The objectives, along with specific deliverables and targets, will also be included in individual program worksheets.

Tasks to achieve goals and objectives set forth in the plan will be outlined in the FY2015, 2016, and 2017 UPWP documents; however, work on many of the tasks to achieve plan goals will begin in FY2014.

The plan was designed to be updated on a three-year schedule, with the next update to be complete by December 31, 2016. This schedule will allow adequate time for new goals and objectives to be incorporated into the following fiscal year’s UPWP, which is typically adopted in August.

Implication (policy and/or financial):
The draft strategic plan outlines a vision, mission, values, and goals for COMPASS. Once adopted, the plan will guide decisions on allocating resources to align with, and achieve, those aspirations.

Staff Recommended Action:
This item is for information/discussion only at this time; it will be brought to the COMPASS Board for adoption in December 2013. The Executive Committee recommended Board adoption of the draft strategic plan in September 2013.

AL:nb T:\FY14\900 Operations\990 Direct Operations Maint\Board\Strat Plan Update\Board_Nov_StratPlan_MMO_Matt.doc
The Community Planning Association of Southwest Idaho (COMPASS) is an association of local governments working together to plan for the future of the Treasure Valley. The agency also serves as the metropolitan planning organization (MPO) for Ada and Canyon Counties, Idaho.

An MPO is a regional planning entity responsible for transportation planning and approval of US Department of Transportation funding for federally designated urbanized areas. All urbanized areas over 50,000 in population are required to have an MPO if local and state transportation agencies spend federal money on transportation improvements.

MPOs provide coordination, collaboration, and collective decision-making on regional transportation system investments and provide a forum that brings together all aspects of the regional transportation system in order to achieve a unified voice.

**Strategic Planning Process**

A strategic plan should outline an organization’s vision, mission, values, and goals and guide decisions on allocating resources to align with, and achieve, those aspirations.

The COMPASS Executive Committee undertook a process from August 2012 – September 2013 to update the previous COMPASS strategic plan, developed in 2005. Many high-level elements of the previous strategic plan were kept, or modified only slightly. In addition, a new agency mission replaced separate Board and staff missions, and new objectives were developed to reach agency goals. A timeline of the process is provided on Page 2.

The **COMPASS FY2015 - 2017 Strategic Plan** is designed to be a living document that is used when developing tasks and allocating resources. Beginning in FY2015, the Unified Planning Work Program (UWPW) – the COMPASS budget – will include a section outlining FY2015 - 2017 Strategic Plan goals and objectives and depicting how those will be accomplished during that fiscal year. The objectives, along with specific deliverables and targets, will also be included in individual program worksheets.

Tasks to achieve goals and objectives set forth in this plan will be outlined in the FY2015, 2016, and 2017 UPWP documents; however, work on many of the tasks to achieve plan goals will begin in FY2014.

This plan will be updated on a three-year schedule, with the next update to be complete by December 31, 2016. This schedule will allow adequate time for new goals and objectives to be incorporated into the following fiscal year’s UPWP, which is typically adopted in August.

Accomplishments relating to **COMPASS FY2015 - 2017 Strategic Plan** goals and objectives will be highlighted in the COMPASS online annual report ([www.compassidaho.org/people/annualreports.htm](http://www.compassidaho.org/people/annualreports.htm)), which is updated following the end of each fiscal year.
Planning Process (2012/2013)

- **August 2012**: Review strategy and timeline for the update process (Executive Committee)
- **October 2012**: Review current strategic plan and joint powers agreement (Executive Committee)
- **October 2012**: Brainstorm services COMPASS could provide to help fulfill regional needs (Executive Committee)
- **November 2012**: Direction on what types of planning elements to include in the updated strategic plan (Executive Committee)
- **June 2013**: Review draft vision statement, mission statement, values, and goals (Executive Committee)
- **July 2013**: Review previous brainstorming of services COMPASS could provide to help fulfill regional needs (Executive Committee)
- **August 2013**: Review draft plan objectives (Executive Committee)
- **September 2013**: Recommend full draft plan to COMPASS Board (Executive Committee)
- **November 2013**: Review of draft COMPASS FY2015 - 2017 Strategic Plan (COMPASS Board of Directors)
Strategic Plan Elements

COMPASS Vision

COMPASS is a forum for regional collaboration that helps maintain a healthy and economically vibrant region, offering people choices in how and where they live, work, play, and travel.

Agency Mission

The mission of COMPASS is to conduct regional planning, facilitate regional coordination and cooperation, and serve as a source of information and expertise on issues affecting southwest Idaho. In its role as the Metropolitan Planning Organization for Ada and Canyon Counties, COMPASS fulfills this mission by developing transportation plans and priorities to enable members to access state and federal transportation funds.

COMPASS Values

- **Integrity**: COMPASS values integrity in that it adheres to a code of behavior to live by and emulate, which includes ethics, honesty, and to principles governing fairness. COMPASS exhibits integrity by sharing information and data, considering all views, discussing pros and cons, working toward consensus, and working within individual and collective capabilities.

- **Teamwork/Collaboration**: COMPASS values teamwork in that a collaborative team has good communication, well-defined roles, and shared authority of work product. COMPASS supports this value throughout many areas of agency work and attempts to create collaborative working groups both internally and externally.

- **Quality**: COMPASS values quality and strives for professionalism, achievement, and competence. This is exhibited through internal and external helpfulness, an organizational review process for written materials, and providing timely information – including sending advance notice of meetings. Staff is knowledgeable and courteous.
COMPASS Goals

- **Communication and Public Awareness** encourages greater agency effort to reach residents of southwest Idaho and supports the implementation of an integrated communications plan. Public involvement, community collaboration, education opportunities, and media relations are components of this goal.

- **People and Structure** reflects the need for a comprehensive strategy in managing the organization, including the COMPASS Board, staff, committees, documents, financial stability/budget, and human resources.

- **Planning Excellence and Collaboration** ensures cooperation with member agencies and other jurisdictions so that each can share knowledge about comprehensive plans, ordinances, land use regulations, regional studies, conferences, and resources.

- **Products and Services** support regional transportation planning, including long-range transportation plans, transportation improvement programs, regional studies, congestion management systems, unified planning work programs, transportation modeling, air quality analysis, demographics, and geographic information systems.
Objectives

**Goal: Communication and Public Awareness**

**Objective 1.1. Develop an integrated communications plan.**
- **FY**: 2014, 2015
- **Program**: 653 (Communication and Education)
- **Task**:
  - Develop integrated communications plan, which will include public involvement, community collaboration, education opportunities, media relations, and marketing of the agency itself.
    - Plan will align with the COMPASS Public Involvement Policy and related Title VI and Environmental Justice requirements.
- **Target Date**:
  - Plan completed: April 30, 2015.

**Objective 1.2. Implement integrated communications plan.**
- **FY**: 2015, 2016, 2017
- **Program**: 653 (Communication and Education)
- **Task**:
  - As defined in the integrated communications plan to meet plan goals.
- **Target Date**:
  - Meet target dates as established in the plan.

**Objective 1.3. Initiate work to evaluate the effectiveness of the integrated communications plan.**
- **FY**: 2015
- **Program**: 653 (Communication and Education)
- **Tasks**:
  - Execute a statistically significant random household survey on the public’s awareness of COMPASS programs, projects, and opportunities for comment to establish baseline data for evaluating effectiveness of the integrated communications plan.
    - Baseline survey results will be used in future years for comparison to evaluate the effectiveness of the integrated communications plan.
  - Develop report summarizing results.
- **Target Date**:
  - Baseline survey and report completed: September 30, 2015.
Goal: People and Structure

Objective 2.1. Evaluate the effective use of agency resources to provide the best value for members.

- **FY**: 2014, 2015, 2016, 2017
- **Programs**: 990 (Operations) and 601 (UPWP Budget Development and Monitoring)
- **Tasks**:
  - Identify enhanced operations, improve workflow, and increase efficiency.
  - Aggregate data provided in the agency’s quadrennial certification review, annual financial audit, staff performance reviews, and from Board and member agency feedback.
  - Modify expenses, as appropriate, in the upcoming COMPASS UPWP based on evaluations.
  - Present to the public and member agencies in a visual, easy-to-understand format, such as via the COMPASS online dashboard (see Objective 3.2).
- **Target Dates**:
  - Modifications made: June 30 of each year.
  - Presentation to public: continual.

Objective 2.2. Increase knowledge and skill sets of existing staff to remain on the cutting edge of best practices and technologies in planning and related fields.

- **FY**: 2014, 2015, 2016, 2017
- **Programs**: 801 (Staff Development) and 990 (Operations)
- **Tasks**:
  - Create a workforce development plan.
    - Create an inventory of existing agency knowledge base and skill sets and identify gaps.
    - Use inventory as basis for plan.
  - Execute workforce development plan.
    - Update/reassess skills inventory and gaps.
    - Update development plan accordingly and execute on the plan in the subsequent year.
- **Target Dates**:
  - Inventory created: June 30, 2014.
  - Execute plan: continual.
  - Reassess/update plan: annually, as needed.

Objective 2.3. Review Board and committee structure, bylaws, and practices and recommend ways to improve efficiencies.

- **FY**: 2014
- **Program**: 820 (Committee Support)
- **Tasks**:
  - Develop recommendations.
  - Document recommendations in report for the COMPASS Board.
- **Target Date**:
Goal: Planning Excellence and Collaboration

Objective 3.1. Establish quarterly meetings with member agency staff to enhance communication outside of a formal committee structure.

- **FY:** 2014, 2015, 2016, 2017
- **Program:** 701 (General Membership Services)
- **Task:**
  - Establish meeting schedules and format.
    - Meetings may be held one-on-one with individual agencies or with groups of agencies, based on member agency needs.
    - Meetings shall be a forum to
      - share information,
      - provide updates on upcoming and ongoing projects and issues,
      - share resources,
      - explore collaboration.
  - **Target Dates:**
    - Meeting schedule and format established: April 30, 2014.
    - Meetings scheduled and held: quarterly on an ongoing basis.

Objective 3.2. Facilitate the sharing of data and information.

- **FY:** 2014, 2015, 2016, 2017
- **Programs:** 620 (Growth and Transportation System Monitoring), 653 (Communication and Education), 701 (General Membership Services), 862 (Regional Data Center)
- **Tasks:**
  - Implement a regional data center and online dashboard.
  - Provide/host a minimum of eight training and educational opportunities annually.
- **Target Dates:**
  - Implement Phase 1 of a regional data center and online dashboard: August 31, 2014.
  - Host a minimum of eight training and educational opportunities: annually.
Goal: Products and Services

Objective 4.1. Lead a process to coordinate local land use planning, transportation planning, and development (mirrors Communities in Motion 2040 Goal 2.1)

- **FY**: 2015, 2016, 2017
- **Programs**: 661 (Communities in Motion), 620 (Growth and Transportation System Monitoring)
- **Tasks**:  
  - Establish a process to maximize the use of existing infrastructure, increase the effectiveness of investment, and retain or enhance the vitality of the local community.  
  - Document process.  
  - Follow process.
- **Target Dates**:  
  - Process established and documented: April 30, 2015.  
  - Process followed: per schedule established in process.

Objective 4.2. Implement adopted plans.

- **Programs**: 601 (UPWP Budget Development and Monitoring), 661 (Communities in Motion), 685 (Transportation Improvement Program); 653 (communications plan), 801 (development plan), all programs (Strategic Plan)
- **Task**:  
  - Implement adopted plans (Communities in Motion, Regional Transportation Improvement Program, UPWP, strategic plan, integrated communications plan [Objective 1.1], and development plan [Objective 2.2])  
    - Incorporate tasks into the UPWP as appropriate.  
    - Complete tasks.  
    - Track and report progress toward individual plan performance measures, targets, and goals, through online dashboard (see Objective 3.2) and other means.  
    - Evaluate success.  
    - Make changes as appropriate based on evaluations.
- **Target Dates**:  
  - As established in individual plans.
Objective 4.3. Establish a process for integrating tasks identified in *Communities in Motion* into the Unified Planning Work Program (UPWP).

- **FY:** 2014, 2015, 2016, 2017
- **Programs:** 601 (UPWP Budget Development and Monitoring), 661 (*Communities in Motion*), and others, based on the type of project
- **Tasks:**
  - Establish process.
  - Complete individual tasks, as determined through the long-range transportation planning process.
- **Target Dates:**
  - Process established: March 31, 2014.

Objective 4.4. Update planning documents.

- **FY:** 2014, 2015, 2016, 2017
- **Programs:** 601 (UPWP Budget Development and Monitoring), 661 (*Communities in Motion*), 685 (Transportation Improvement Program), 653 (Communication and Education)
- **Task:**
  - Update plans to meet federal requirements and member agency needs (*Communities in Motion*, Regional Transportation Improvement Plan, UPWP, strategic plan, integrated communications plan [Objective 1.1], and development plan [Objective 2.2]).
- **Target Dates:**
  - *Communities in Motion*: begin update in 2015; complete no later than September 2018.
  - UPWP and Regional Transportation Improvement Program: no later than September of each year.
  - Strategic plan: December 2016.
  - Integrated communications plan: reassess annually; update as needed.
  - Development plan: annually; update as needed.

<td>ACHD</td>
<td>This project is substantially complete.</td>
</tr>
<tr>
<td>Greenbelt, Garden City to Americana Boulevard (KN 13514)</td>
<td>Boise</td>
<td>This project will construct a 12-foot wide paved pathway to fill a 4,100 linear foot gap in the Greenbelt system on the south side of the river between Main Street and Americana Boulevard with connection to Ann Morrison Park. The pathway alignment is complete. Settler’s Irrigation District requires that a new pedestrian/bicycle bridge be installed 15 feet west of the current pathway, which currently uses Settler’s irrigation diversion structure. Pathway right-of-way is currently being reviewed. The environmental documentation is underway. Wetland delineation and archeological review are in process. Tree mitigation is complete. Construction is scheduled in Preliminary Development.</td>

</tr>
<tr>
<td>Middleton Road and Ustick Roundabout, Caldwell (KN 13487)</td>
<td>Caldwell</td>
<td>This project will improve a four-way stop at the Middleton Road and Ustick Road intersection by building a roundabout to help traffic flow and reduce congestion. The project is scheduled for design in FY2014 and construction in PD.</td>
</tr>
<tr>
<td>SH-16, Boise River Bridge and North Stage (KN 12915)</td>
<td>ITD</td>
<td>This is a GARVEE project to construct the piece of the project just south of SH-44, including the Boise River bridge to just south of the Boise River. This is a new alignment, so traffic impacts will be minimal. In July, the contractor continued to place portions of the deck on the Boise River Bridge. Road preparation both north and south of the bridge was completed. Bridge work is scheduled for completion by December 20, 2013, and the overall project is scheduled for completion in August 2014.</td>
</tr>
<tr>
<td>SH-16, Intersection SH-44, US 20/26 and Local Roads (KN 12916)</td>
<td>ITD</td>
<td>This is a GARVEE project to construct the intersection of SH-16 and US 20/26 and SH-16 and SH-44. This project will also construct the local roads in the project needed to provide new access. Traffic was shifted to the south at the SH-16 and SH-44 intersection. The contractor completed construction of the roadway sub-section for SH-16 north of SH-44. The project is expected to be complete in August 2014.</td>
</tr>
<tr>
<td>SH-16, Phyllis Canal Bridge and South Stage (KN 12917)</td>
<td>ITD</td>
<td>This is a GARVEE project to construct the final leg of SH-16 from the south end of the Boise River crossing to SH-44, including the Phyllis Canal bridge. In July 2013, the Phyllis Canal Bridge was completed. Leveling north and south of the Phyllis Canal Bridge was completed in preparation for concrete paving. Completion of the overall project is expected in August 2014.</td>
</tr>
<tr>
<td>SH-19, Corridor Study</td>
<td>ITD</td>
<td>This is a Corridor Management Plan covering 16.1 miles of SH-19 in Canyon and Owyhee Counties. Public meetings were held in Caldwell and Homedale in mid-October 2009. The Environmental Scan was delivered in April 2013. The Draft Corridor Management Plan is expected to be delivered in February 2014.</td>
</tr>
<tr>
<td>SH-21, (Luck Peak) High Bridge to Robie Creek (KN 12354)</td>
<td>ITD</td>
<td>This is a 4.7 miles pavement rehabilitation project (partly in Ada County, but mostly in Boise County). The plans, specifications, and engineer’s estimate are expected in August 2013. ITD District 2 took over project development for this project.</td>
</tr>
<tr>
<td>SH-44 Corridor Preservation</td>
<td>ITD</td>
<td>This project is a feasibility, access management, construction phasing, and National Environmental Policy Act (NEPA) study only. The current preferred alternative is the existing SH-44 alignment, with the exception of the Middleton area, with is bypassed based on the City’s approved comprehensive plan. The project was reduced in scope from an Environmental Impact Statement to an Environmental Assessment. ITD received additional comments from the State Historic Preservation Office regarding the Cultural Report. A new Wetlands Delineation Report was submitted to ITD on April 18, 2013. The Finding of No Significant Impact is anticipated in the summer 2014.</td>
</tr>
<tr>
<td>SH-44 (State Street) and Linder Road Design-Build (KN 13059)</td>
<td>ITD</td>
<td>This project will ultimately reconstruct the intersection of SH-44 and Linder Road, including the reconstruction and expansion of SH-44 between Linder Road and Ballantyne Road, and rebuild Linder Road in the vicinity of SH-44. With traffic shifted to the north, the contractor focused on installing drainage features and preparing the southern half of the roadway for paving. During the last week of July, crews paved about a third of the southern half of the roadway. Construction is expected to be complete in September 2013.</td>
</tr>
<tr>
<td>SH-45 Corridor Plan</td>
<td>ITD</td>
<td>The Idaho 45 corridor plan will develop a 10-year plan to identify current and future highway needs on SH-45 on an 18-mile section of SH-45 beginning at SH-78 in Owyhee County and extending to the City of Nampa and the I-84 Business Loop. The Environmental Scan was delivered in April 2013. The draft Corridor Management Plan is expected to be delivered after the completion of the SH-19 and US 20/26 corridor plans.</td>

DATE: November 5, 2013

SUBJECT: October Board update

STATE TRANSPORTATION ISSUES

Idaho Transportation Coalition progress:
The Idaho Transportation Coalition efforts continue to make slow, but steady progress. The Coalition has divided into four committees: A Dyed Diesel committee; A fuels and fuel tax committee: a trucking issue committee; and an outreach and education committee.

I have attended all of these committee meetings, in which the beginning efforts have been mostly about educating all the participants in the basics of each topical area. These “basics are designed to ensure that all parties are operating with the same set of facts, and understanding of how state law and policy currently operate, how much transportation income is derived from those current situations and how they are treated by the tax commission.

The meetings have been very useful/helpful in clearing up some misunderstandings on a few matters, and have generated good discussions about how any prospective changes in law or policy will affect transportation income and the procedural changes agencies that may be required/challenging, etc.

One ground rule is an understanding that these committees and this effort is not to be, nor misconstrued to be a bill drafting effort. The idea is to establish dialog, discussion, and a vetting of ideas. It is my opinion this will ultimately produce a more fruitful effort when transportation funding enhancement concepts come forward in a legislative format.

Local Option Sales Tax ad hoc efforts:
Kelli Fairless and I continue to participate in an ad hoc discussion group regarding an approach to local option sales tax. We have drafted a public opinion poll regarding the issue that will allow us to compare the public attitude to the concept and compare those responses to similar efforts from 2007 and 2011. Ultimately the ad hoc group’s goal is to elevate this potential funding source option to the degree that it becomes part of the broader transportation funding options discussion.

Memorandum

To: Matt Stoll, Executive Director
From: Toni Tisdale, Principal Planner
Date: October 25, 2013
Re: Request for Approval of Administrative Modification #1 for the FY2014-2018 Regional Transportation Improvement Program

ACTION REQUESTED:
Approval of Administrative Modification #1 for the FY2014-2018 Regional Transportation Improvement Program (TIP).

BACKGROUND:
Modifications are needed due to changes requested by the Local Highway Technical Assistance Council (LHTAC) staff to add safety projects, requests by the City of Boise and Ada County to add funds to existing projects through the balancing process, corrections to transit projects that were improperly processed at COMPASS, minor changes through the mirroring process with ITD staff, a request by ACHD staff to change the name of a project, and temporary to permanent key number conversions.

STATUS:
Per LHTAC staff, September 23, 2013:

- Signal Timing Plan Update, ACHD (13955) – Add safety project.
- High Accident Warning Signs, Canyon Highway District (13956) – Add safety project
- 16th Avenue Signal Timing, Nampa (13958) – Add safety project.
- Greenhurst Road Signals, Nampa (13959) – Add safety project.
- Garrity/Idaho Center Boulevard Signal Upgrade, Nampa (13960) – Add safety project.

Per TMA Balancing, October 2, 2013:

- Greenbelt, Garden City to Americana Boulevard, Boise (13514) – Increase preliminary engineering consultant funds by $15,000 for additional design elements requested by ITD staff. Funds from available STP-TAP funds. Project is also funded with STP-TMA funds.
- Natures Wood Duck Island Trail Restoration, Ada County (13820) – Increase construction by $30,000 to cover an increase in the construction estimate. Funds from available TAP-TMA funds.

Per ITD and COMPASS staff, October 21, 2013:

- Transit – Associated Capital Improvements, Nampa – FY2013 (12760) – Correction in match percentage only (which changes the total federal amount). Previous change was processed incorrectly.
- Transit – Demand Response Operations, Nampa – FY2013 (12763) – Correction in match percentage only (which changes the total federal amount.) Previous change was processed incorrectly.
• Transit – Job Access Reverse Commute Administration, Boise – FY2013 (12767) – Change title to: Transit – Mobility Management, Boise – FY2013 and change description. Change total back to original and correct match rate. Previous corrections were processed incorrectly. Amount was reduced during the update. The original amount was correct.

Per Mirroring Process, October 25, 2013:

• I-84, Broadway Avenue Interchange, Boise (09821) – Decrease construction by $7,695,000 in Expansion funds and $2,062,000 in FY2012 GARVEE funds per new estimate amount.
• I-84, Gowen Road Interchange, Boise (09822) – Add Expansion funds totaling $4,666,000 to construction in FY2014 per new estimate amount. Project is also funded with FY2012 GARVEE funds.
• I-84, Meridian Road Interchange, Meridian (10939) – Increase construction by $5,000,000 in FY2012 GARVEE funds and add Expansion funds totaling $13,000 in construction engineering and $7,000,000 in construction funds in FY2014 per new estimate.
• I-84, Gowen Railroad Bridge Eastbound, Boise (12029) – Decrease construction engineering by $445,000 and construction by $2,992,000 per new estimate.
• I-84, Gowen Railroad Bridge Westbound, Boise (12379) – Decrease construction engineering by $535,000 and construction by $2,702,000 per new estimate.
• Colorado Avenue and Holly Street Signal and Pedestrian Improvements, Nampa (13486) – Carry over locally-funded design from FY2013 to FY2014. Project also funded with STP-Urban funds.
• I-84, Broadway Interchange to Gowen Interchange, Boise (13812) – Decrease construction engineering by $181,000 and construction by $1,407,000 per new estimate.
• I-84, Pavement Rehabilitation in Nampa (13931) – Change title to: I-84B (Nampa/Caldwell Boulevard), Canyon Street to Grant Avenue, Nampa. Update project name and description for clarity per ITD.
• SH-44, Corridor Preservation, I-84 Junction in Canyon County to Eagle Road (07827) – Remove inflation status.
• South Cemetery Road, SH-44 to Willow Creek, Middleton (12048) – Add inflation status for Local Participation funding source.
• SH-55, Intersection Karcher Road and Lake Avenue, Canyon County (12383) – Remove grouping status.
• I-84, Bridge Repair, Boise (13035) – Add inflation status.
• SH-55, Intersection Eagle Road and McMillan Road, Ada County (13058) – Remove inflation status.
• SH-55 (Eagle Road), Meridian Town Center (13349) – Remove grouping and inflation status.
• ADA Ramp Improvements, Nampa (13499) – Add grouping status.
• I-84, Blacks Creek to Mayfield Slope Flattening, Ada County (13938) – Add grouping and inflation status.
Per ACHD Staff, October 24, 2013:

- **Capital Maintenance, ACHD – FY2014 (12050)** – Change title to: ACHD Overlays, Arterials and Collectors – FY2014. The title was changed in the update to reflect the move towards maintenance projects. The change is helpful to the consultant who has already included the old name on many documents in project development.

Temporary to Permanent Key Number Conversions – per ITD staff, convert temporary key numbers to permanent key numbers.

Details of the changes are provided in Attachment 1.

**Approval:**

All changes for Administrative Modification #1, as provided in this memorandum and detailed on Attachment 1, are approved as of October 25, 2013.

Matthew J. Stoll, Executive Director
Community Planning Association

**Funding Source:** Expansion

Construct third lane in each direction between Broadway Avenue Interchange ramps and Gowen Road Interchange ramps. Project may be accompanied with an adjacent interchange during construction, or may be constructed independently.

*Decrease CE by $181,000 and CN by $1,407,000 per ITD mirroring.*
## Projects with Other Minor Changes per Mirroring Process
Per ITD Staff, October 25, 2013
