COMPASS Social Media Policy

I. Introduction

The role of technology is rapidly changing the way governments interact with their constituents. Social media platforms such as Facebook, Twitter, Instagram, and LinkedIn provide valuable means of sharing information and communicating with residents, augmenting what can be achieved through traditional communication outlets.

This document outlines the social media policy for the Community Planning Association of Southwest Idaho (COMPASS). This policy is designed to ensure transparency and consistency when incorporating social media into COMPASS communication and outreach efforts.

Portions of this policy relating to public records, records retention, and employee use of social media are mirrored in other COMPASS policies and procedures regarding these topics.

II. Applicability and Organization

This policy is applicable to users of social media in different capacities, and is organized according to use:

- COMPASS employee use of personal social media
- Administrators of COMPASS social media
- Public/third party use of COMPASS social media (Public Terms of Use)

Note that applicability is based on the use of social media – different portions of this policy may apply to the same individual under different circumstances. Sections III and IV of this policy (COMPASS Employee Use of Personal Social Media and Administration of COMPASS Social Media) are for internal use only; Section V (Public Terms of Use) applies to public/third party users of COMPASS social media and should be clearly posted on the COMPASS web site with the links to COMPASS’ social media channels. All use of social media must comply with applicable local, state and federal laws.
III. COMPASS Employee Use of Personal Social Media

COMPASS employees are expected to observe the following guidelines when using personal social media.

1. Supervisors are strongly discouraged from being “friends” with their subordinates on personal social media sites.
2. COMPASS employees may choose to “like” or “follow” COMPASS on their own personal social media sites, but should not post as “COMPASS” on personal social media sites.
3. When discussing job-related matters on personal social media sites, employees should clearly state that they are not posting as a representative of COMPASS and the opinions expressed on the sites are their own and do not necessarily represent the views of COMPASS.
4. Employees may not post confidential, sensitive, or proprietary information about COMPASS, its member agencies, employees, applicants, consultants, or vendors or post information that is exempt from disclosure under Idaho public records law on personal social media sites.
5. Employees may not post obscenities, slurs, harassment, or personal attacks which may damage or cause harm to COMPASS, its member agencies, employees, applicants, consultants, or vendors.
6. COMPASS may review internet content and use. Policy violations may result in discipline up to and including termination of employment.
7. Additional guidelines regarding the use of the internet and agency-supplied technology can be found in the COMPASS Employee Policies and Procedures manual.
