Transportation Improvement Program
Construction Projects
Fiscal Years 2014-2018
Current as of September 16, 2013

Note: Summary for projects shown on the map can be found in the list to the left. Non-construction projects are not shown on the map and can be found in American Community Survey 5-year data; the most recent data available at the time of publication. Minority areas are calculated using the 2010 Decennial Census, which allows for the analysis of block groups (smaller than census tracts). Income information is not available from the 2010 Decennial Census. Low income areas maintain a median household income that is 60 percent of the median household income of the respective county. Minority areas maintain at least 30 percent of the population that is Non-white or Hispanic.

*Construction Year color scheme is the same for both insection and roadway projects.
